2.4 VENDOR'S PRICING: Attach additional pages if necessary.

2.4.1. Vendor's Price for the Initial Term: \$33,475.00

BB For procurements conducted in BidBuy, the State may include in this contract the BidBuy Purchase Order as it contains the agreed Pricing.

If checked, see the attached BidBuy Purchase Order for the Vendor's Price for the Initial Term.

2.4.2. Renewal Compensation: If the contract is renewed, the price shall be at the same rate as for the initial term unless a different compensation or formula for determining the renewal compensation is stated in this section.

2.4.2.1 Agency Formula for Determining Renewal Compensation: Bid prices shall remain fixed throughout the first thirty six (36) months of the initial Contract term. For each twelve (12) month anniversary thereafter, annual price adjustments of the Contract pricing may be made after receipt of a written request from the Vendor. A written request for an annual price adjustment must be made no later than sixty (60) calendar days before the expiration of the initial Contract term and each subsequent twelve (12)-month renewal period.

2.4.2.2 The annual price adjustment is subject to acceptable performance by the Vendor and contingent upon the Tollway's Board of Directors' approval for the procurement of goods or services provided for in this Contract. If the Vendor does not request a price adjustment within such sixty (60) calendar-day period, the Vendor shall not be entitled to a price adjustment for the upcoming year. Annual requests for price adjustments shall be based on the Producer Price Index ("PPI") for "Towing, tugging, docking, and related services," Series ID: WPU31110101, not seasonally adjusted, as it appears in the periodical Producer Price Indices published by the U.S. Department of Labor, Bureau of Labor Statistics ("BLS") found at <http://www.bls.gov> although this URL is subject to change. (To access the data, click on Data Tools; under Data Retrieval Tools, click on Series Report. Under Series ID, enter WPU31110101, click next, click Retrieve Data. Select commodity data and then select Group "Services related to transportation activities" and Item "Towing, tugging, docking, and related services.") Should the BLS discontinue the commodity code listed above, the next higher level index shall be used to calculate the price adjustment.

2.4.2.3 All price adjustment calculations shall be based upon the latest version of the PPI available at the time of the price adjustment. The effective date of an adjustment shall be the first day of the renewal term. If the PPI data is not available for any month of the final three (3) full months of the annual Contract period, the average of the PPI data for the most recent three (3) full months preceding the anniversary of the Contract shall be used in computing the price adjustment. The adjusted Contract price shall be determined by performing the following calculation: the original Contract price(s) shall be multiplied by the index percent change and then rounded to two (2) decimal places. The index percent change shall be calculated by subtracting the base period index value from the average index value of the last full three (3) months of the annual Contract period available at the time of the price adjustment and then the result shall be divided by the base period index value. The base period index value for the first allowable price increase is the index value for the start date

of the initial term of the Contract and for all subsequent allowable price increase(s). The adjusted Contract price(s) may be higher or lower than the original Contract pricing, as dictated by the applicable index values. Any price adjustments requested in subsequent years of the agreement shall be calculated in the same manner. In no case shall any price increase for the renewal period exceed 4% of the previous price.

2.4.2.4 Vendor's Price for Renewal(s): Refer to Section 2.5.2.1. above

2.5 MAXIMUM AMOUNT: Vendor's compensation for (services) under this Contract shall not exceed \$40,170.00 during the initial term without a formal amendment.

The contract may neither renew automatically nor renew solely at the Vendor's option.

3.2.2. Pricing for the renewal term(s), or the formula for determining price, is shown in the pricing section of this contract.

3.2.3. The State reserves the right to renew for a total of three (3) years in any one of the following manners:

If Vendor fails to perform to the State's satisfaction any material requirement of this contract, is in violation of a material provision of this contract, or the State determines that the Vendor lacks the financial resources to perform the contract, the State shall provide written notice to the Vendor to cure the problem identified within the period of time specified in the State's written notice. If not cured by

that date the State may either: (a) immediately terminate the contract without additional written notice or (b) enforce the terms and conditions of the contract.

For termination due to any of the causes contained in this Section, the State retains its rights to seek any available legal or equitable remedies and damages.

3.4 TERMINATION FOR CONVENIENCE: The State may, for its convenience and with thirty (30) days prior written notice to Vendor, terminate this contract in whole or in part and without payment of any penalty or incurring any further obligation to the Vendor.

3.4.1. Upon submission of invoices and proof of claim, the Vendor shall be entitled to compensation for supplies and services provided in compliance with this contract up to and including the date of termination.

3.5 AVAILABILITY OF APPROPRIATION: This contract is contingent upon and subject to the availability of funds. The State, at its sole option, may terminate or suspend this contract, in whole or in part, without penalty or further payment being required, if (1) the Illinois General Assembly or the federal funding source fails to make an appropriation sufficient to pay such obligation, or if funds needed are insufficient for any reason (30 ILCS 500/20-60), (2) the Governor decreases the Department's funding by reserving some or all of the Department's appropriation(s) pursuant to power delegated to the Governor by the Illinois General Assembly, or (3) the Department determines, in its sole discretion or as directed by the Office of the Governor, that a reduction is necessary or advisable based upon actual or projected budgetary considerations. All subcontracts must include the same certifications that Vendor must make as a condition of this contract.
