Pursuant to the requirements of the Authority's By-Laws, Notice is hereby given of the Regular Board Meeting of the Authority to be held on Thursday, July 22, 2021 at 10:00 a.m. Due to necessary precautions relating to Coronavirus (COVID-19), in accordance with the Gubernatorial Disaster Proclamation and current conditions, and consistent with the legislature's recent amendments to the Open Meeting Act, 5 ILCS 120/7(e), which suspend the requirement of a physical quorum, the July 22, 2021 Board Meeting will be held telephonically.

There will be live audio feed of the committee meetings available on the Tollway website at www.illinoistollway.com while in session. Members of the public who wish to make public comment may participate *via* audio conference call by calling 1-800-875-3456 and giving the verbal passcode: "Tollway".

Willard S. Evans, Jr., Chairman

An audio file will be available five business days after the meeting at www.illinoistollway.com, and written meeting minutes will be available at www.illinoistollway.com after their approval at the next regular Board meeting.

Upon notification of anticipated participation, the Tollway will endeavor to ensure that individuals with disabilities can participate in this meeting. Persons with disabilities who plan to participate and need accommodations to do so should contact the EEO/AA/ADA Officer of The Illinois State Toll Highway Authority at (630) 241-6800, Ext. 1010, at least two days in advance of the meeting, and if possible, the Tollway will provide reasonable accommodations. Related information, which may or may not be applicable to this telephonic meeting, can be found on the Tollway's website: <https://www.illinoistollway.com/about/board-information/>.

Contract Renewal – Banking Services through the Illinois State Treasurer’s Office

Contract #: Contract issued by the Illinois State Treasurer’s Office

Vendor: Bank of America; Chicago, IL

Description: Banking Services for the Tollway, and for the Treasurer as custodian for the Tollway, in accordance with the Treasurer’s Procurement Regulations.

Scope: This contract provides a continued source for normal and customary banking services and armored car services via a contract issued through the Illinois State Treasurer’s Office. In September 2014, the Illinois State Treasurer issued a competitive Request for Proposal which was ultimately awarded to Bank of America. The Tollway is required to use this contract for banking services including depository services, check-clearing services, information reporting, wire and ACH transfers, purchased rolled-coin services, and armored car delivery services.

This renewal request will therefore amend Resolution No. 22054 dated 7/16/20 by increasing the upper limit of compensation by \$250,000.00 for an additional one-year period. Upon expiration of this term, the Treasurer may elect to extend this Agreement for a period of time and terms agreed upon by the parties that are consistent with the Treasurer’s procurement regulations not to exceed a total term of ten (10) years.

Company Information

Bank of America is one of the world’s leading financial institutions serving individual consumers, small and middle-market businesses and large corporations with a full range of banking, investing, asset management, and other financial and risk management products and services. The company serves approximately 66 million consumer and small business clients with approximately 4,400 retail financial centers. Although Bank of America is headquartered in Charlotte, North Carolina, the Tollway is served by their Chicago office. The bank has \$2.4 trillion in assets with short-term ratings of P-1/A-2/F1 and long-term ratings of A2/A-/A+.

Contract Award – Tollway Sole Source

Contract #: 21-0041**Vendor:** Precision Control Systems of Chicago, Inc.; Lisle, IL

Description: Building Automation Maintenance, Modification, Parts, and Repair Services
(Subject to approval at the Sole Source Hearing on Date TBD)

Scope: This contract provides a source for the purchase of continued maintenance, upcoming and ongoing projects, that require spec revisions, as well as modifications, parts, and repair services directly from its current building automation sole source provider: Precision Control Systems of Chicago, Inc. The Tollway's current HVAC system setup enables Facilities and Fleet Operations to monitor, troubleshoot, and facilitate emergency repairs of the HVAC and lighting systems. By controlling the HVAC and lighting systems, the Tollway reduces operational costs and overtime call-outs because the network can be accessed from any computer or laptop used by authorized Tollway personnel.

Amount: \$1,438,640.00

Company Information

Precision Control Systems of Chicago is incorporated with 19 years in business and has 58 total employees across all of its locations. They design, install, and service state-of-the-art custom building automation control systems.

Nielsen & Associates LLC; Chicago, IL**Description:** I-90 at I-490 Ramp Construction**Location:** Jane Addams Memorial Tollway (I-90) from MP 73.20 (Elmhurst Road) to MP 74.50 (Mount Prospect Road) and Elgin O'Hare Western Access (I-490) at MP 6.25**Change Amount:** \$720,856.74

Reason: This construction extra work order provides for additional site supervision and management associated with ramp work at the new Jane Addams Memorial Tollway (I-90) and I-490 interchange. The contract duration was increased to further minimize impacts to traffic operations, toll collection, and customers including third part fiber users. Through completion of the work, the I-490 at I-90 interchange work was able to start on time and years ahead of schedule.

Impact on Completion: No current impact.**Company Information**

F.H. Paschen, S.N. Nielsen & Associates, LLC was founded in the mid 1970's and is headquartered in Chicago, IL. They have a staff of over 200 employees and are one of the largest general contractors in the Midwest and specializing in all aspects of construction.

Scope: This contract provides a source for the purchase of I-PASS transponders and related Next Generation Roadside Equipment. Transponders are the in-vehicle radio frequency device mounted to the windshield of vehicles which accurately record and track tolling activity. Next Generation Roadside Equipment is the transponder reader technology which includes transponder readers, antennas, and all other related transponder technology. Services include related project work necessary to upgrade equipment technology such as the most recent upgrade of reader technology which allows for the use of 6C sticker tags. Transponder technology is necessary for detecting and charging electronic tolls and is responsible for the economic efficiencies and customer benefits provided through electronic toll collection. This specific transponder technology is necessary for us to remain interoperable with the E-ZPass Group. Currently, the Tollway and other E-ZPass Group member agencies purchase transponder and reader equipment via the Next Generation Technology contract with Kapsch.
