

THE ILLINOIS STATE TOLL HIGHWAY AUTHORITY
Tollway Headquarters
2700 Ogden Avenue
Downers Grove, Illinois 60515

Governor JB Pritzker
Secretary Omer Osman
Director James Connolly
Director Jacqueline Gomez

Director Karen McConnaughay
Director Scott Paddock
Director Gary Perinar
Director James Sweeney

Pursuant to the requirements of the Authority's By-Laws, Public Notice is hereby given of the Regular Board Meeting of the Authority to be held on Thursday, April 27, 2023, at 9:15 a.m.

Due to necessary precautions relating to Coronavirus (COVID-19), in accordance with the Gubernatorial Disaster Proclamation and current conditions, and consistent with the legislature's recent amendments to the Open Meeting Act, 5 ILCS 120/7(e), which suspend the requirement of a physical quorum, the April 27, 2023 Board Meeting will be held telephonically.

There will be live audio feed of the committees and board meeting available on the Tollway website at www.illinoistollway.com while in session. Members of the public who wish to make public comment may participate *via* audio conference call by calling 1-877-692-8958 and using the access code: 296-3249.

Arnaldo Rivera, Chairman

An audio file will be available five business days after the meeting at www.illinoistollway.com, and written meeting minutes will be available at www.illinoistollway.com after their approval at the next regular Board meeting.

Order Against DoIT Master Contract

Contract #: 22-0119**Vendor:** Motorola Solutions, Inc.; Chicago, IL**Description:** Motorola Starcom Radio Services

Scope: This procurement provides for the continued use of the Tollway's Starcom21 radios. Starcom is a statewide public safety communications network that provides voice communications for public safety entities as well as the public transportation community. Users include the Tollway, IDOT, Metra, Illinois State Police, Illinois Department of Public Health, as well as local police, fire, and emergency medical services. Starcom is the primary voice communications for all of the Tollway's maintenance units, HELP trucks, and Illinois State Police Troop 15. The Tollway currently has about 1,200 Starcom radios deployed.

Amount: \$236,019.00

Company Information

Motorola Solutions is incorporated with 12 years in business (although the company's history stretches back as far as 1928). The company employs approximately 18,700 employees worldwide. They provide communications equipment, software, and managed and support services.

Financial Summary

Original 2022 Authorization: \$236,019.00
 January 2023 Extension 1: \$229,836.00
 Current Authorization: \$465,855.00
 This Request–Extension 2: \$236,019.00
 Revised Contract Amount: \$701,874.00

Release Off a Multiple Award Master Contract (ROMAMC)

Contract #: 23-0056**Vendor:** Carahsoft Technology Corporation; Reston, VA**Description:** Okta Software Licenses, Services, Maintenance and Support

Scope: This contract provides a source for the purchase of additional Okta software licenses, professional services, plus continued maintenance and support of existing Okta licenses. The Okta software is used for Single Sign-On capabilities as well as simplifying the administration of ID management within our systems environment.

The contract being utilized (Contract AR2472) is between Carahsoft Technology Corporation and the State of Utah which issued a request for proposals on behalf of NASPO (National Association of State Procurement Officials) ValuePoint Cooperative Purchasing Organization participating states and their eligible end users. The CPO's Office established the ROMAMC master contracts from these cooperative contracts and the Tollway benefits from the negotiated prices.

Amount: \$647,752.53

Company Information

Carahsoft Technology Corporation is incorporated with 24 years in business and approximately 2,000 employees. They are a software company providing information technology solutions, hardware, software, and support solutions to federal, state, and local government agencies.

Contract Award – Tollway Sole Source**Contract #:** 23-0051**Vendor:** Unisys Corporation; Blue Bell, PA**Description:** Unisys EAE-AB Suite Upgrade Services
*(Subject to approval at the Sole Source Hearing on May 10, 2023)***Scope:** This contract provides a source to update the Tollway's Unisys EAE (Enterprise Application Environment) application/development software to the latest version. This software is used to develop and maintain the Tollway's mainframe applications such as ODV, MAR, and SUN. SUN is used for the Tollway's workorder/fleet applications. MAR is used for Human Resources and Payroll applications. ODV is used for truck permits applications. This update is necessary because the EAE software currently in use at the Tollway went out of support at the end of March 2023. The objective of this EAE to AB Suite Upgrade Service is for the Unisys team to assist the Tollway in upgrading their current EAE software environment to AB Suite version 8.0.**Amount:** \$142,500.00**Company Information**

Unisys is incorporated with 37 years in business and approximately 16,200 employees worldwide. The history of Unisys' predecessor companies goes back 150 years when E. Remington & Sons produced the first commercially viable typewriter in 1873. Unisys specializes in providing integrated solutions to clients in government, financial services, and commercial markets.

(D/WBE); Sanchez & Associates, PC (D/MBE); The Roderick Group, Inc. dba Ardmore Roderick (D/MBE)

Description: Consulting Engineer Services

Location: Systemwide

Scope: This professional engineering service contract supplement provides for additional design services associated with alternate project delivery development. The use of alternative delivery methods is authorized by the Innovations for Transportation Infrastructure Act which was passed in 2022 and allows for delivery of construction projects using the Design-Build and Construction Manager/General Contractor methods. The supplemental services include development of manuals and related contract documents for each method and technical services necessary to support project delivery using each method. The amount represents a not to exceed value based upon scope and services as agreed upon.

Award Amount: \$4,453,000.00

Company Information

WSP USA, Inc. was founded in 1885 and is headquartered in New York, with a staff of approximately 100 to 150 employees in their Chicago, IL office. WSP is a global consulting firm assisting public and private clients to plan, develop, design, construct, operate, and maintain critical infrastructure projects.

Land Acquisition – Declaration of Excess Property

Contract #: N/A

Description: Declaration of Parcel E-2-21.10EX, located at the southwest corner of the I-88 bridge over Warrenville Road, as excess property

Scope: The parcel was acquired for the original East West Tollway (I-88) in 1957. Land Acquisition was contacted by the County of DuPage, which requested that the Tollway transfer 0.674 acres (29,352 square feet) of fee simple title needed to provide compensatory storage due to the replacement of the Warrenville Road Bridge over the East Branch of the DuPage River.

On December 23, 2020, the Excess Property Committee determined Parcel E-2-21.10EX is not (i) currently needed for toll highway or appurtenant purposes, (ii) needed in connection with the maintenance and operation of the Tollway System, and (iii) not needed for any foreseeable improvement. Staff requests that the Board declare Parcel E-2-21.10EX excess property.

Amount: \$0.00

Project or Annual Budget Detail

Land Acquisition: Declaration of Excess Parcel E-2-21.10EX (Warrenville Road) DuPage County

Category	Project Budget

Comments:

The Excess Property Committee determined on 12/23/20 the parcel is excess to the Tollway's needs and approved the parcel to be transferred via Quitclaim

Amendments to Excess Property Policy

Contract #: N/A

Description: Amendments to Excess Property Policy

Scope: The Tollway’s ability to dispose of real property or partial interests in real property is limited by Section 708 of the Tollway’s Amended and Restated Trust Indenture (“Indenture”), which states, “The Authority may from time to time sell, exchange or otherwise dispose of any real property or release, relinquish or extinguish any interest in it as the Authority by resolution shall declare is not needed in connection with the maintenance and operation of the Tollway System, and, in the judgment of the Authority, will not in the future be needed for any foreseeable improvement to the Tollway System.” Indenture, §708.

To better align the Tollway’s Excess Property Policy with Section 708 of the Indenture, and consistent with Resolution No. 20870 (dated November 19, 2015), the Tollway revised and updated its Excess Property Policy. The Tollway requests Board approval of the same.

Amount: No cost to the Tollway.

<u>Project or Annual Budget Detail</u>

Order Against DoIT Master Contract

Contract #: 17-0177

Vendor: AT&T Mobility National Accounts LLC; Atlanta, GA

Description: Short Message Service (“SMS”) Services

Scope: This procurement provides for the continued use of Short Message Service (“SMS”) services. SMS is a protocol used for sending text messages to patrons. This service allows the Tollway to communicate with more than one million Tollway customers per year. These communications are critical to helping customers receive urgent account information that helps them maintain their accounts. SMS delivers cost savings for both the Tollway and customers by avoiding the consequences of expired credit cards, insufficient account balances, and pending unpaid tolls. The Tollway anticipates saving more than \$500,000 annually by using SMS and reducing or eliminating the need for postal notifications and invoices.

Amount: \$200,000.00

Company Information

AT&T Mobility National Accounts is a limited liability company with 23 years in business. They provide nationwide wireless service to consumer, business, and wholesale subscribers located in the United States. The company’s wireless network powers voice and data services, including high-speed internet over wireless devices.
