**FOR IMMEDIATE RELEASE**  
**March 21, 2023**

## **RAMP CLOSURE, DETOUR SCHEDULED ON I-290 AS PART OF NORTH AVENUE INTERCHANGE RECONSTRUCTION**

*Closure of ramp from westbound I-290 to eastbound North Avenue/Lake Street for Cook County road and bridge work supporting Illinois Tollway projects*

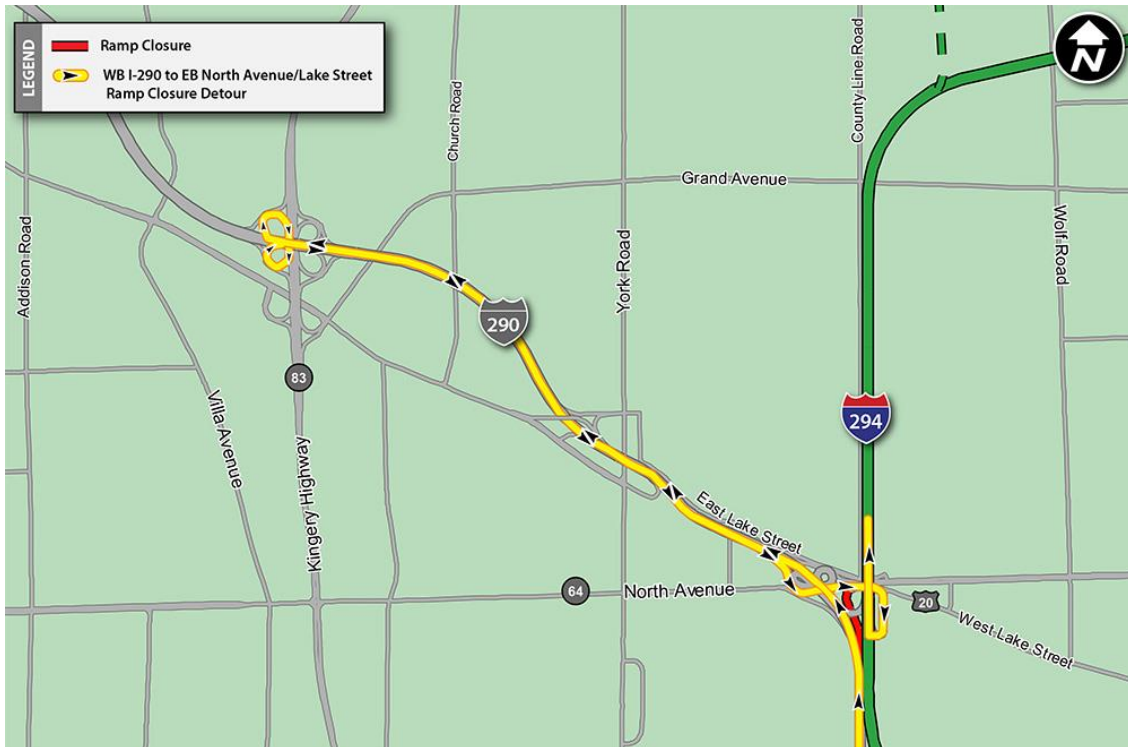

**DOWNERS GROVE, IL** – A weekend-long closure of the ramp from westbound I-290 to eastbound North Avenue/Lake Street is scheduled for this weekend for storm sewer work. A detour will be posted.

The detour is needed to complete storm sewer construction across the ramp as part of the North Avenue and Lake Street rehabilitation project led by the Cook County Department of Transportation and Highways. The project is located in the cities of Elmhurst and Northlake and will accommodate the Illinois Tollway's North Avenue Interchange Project on the Central Tri-State Tollway (I-294).

Electronic message signs and construction signage will be put in place to alert drivers in advance of the closure and detour. Up-to-date closure information will be posted on the Tollway website in the [Daily Construction Alert](#). All work is weather dependent.

Beginning at 8 p.m. on Friday, March 24, the ramp from westbound I-290 to eastbound North Avenue/Lake Street is scheduled to close. A detour will be posted routing traffic to continue westbound on I-290 to Illinois Route 83, through the interchange to eastbound I-290 to North Avenue for access to eastbound North Avenue/Lake Street and the northbound I-294 ramp. This detour is scheduled to remain in place through 5 a.m. on Monday, March 27.

In addition, the right lane on eastbound Lake Street will be closed in conjunction with the detour.

Construction in this area is being coordinated with Cook County Department of Transportation and Highways, the Illinois Department of Transportation, the City of Elmhurst and the City of Northlake, as well as local fire and police departments.

Construction updates, project information, maps and detour information for work that is part of the North Avenue Interchange Project at I-294 are available in the Projects section on the Tollway's website at [www.illinoistollway.com](http://www.illinoistollway.com), as well as on the Cook County construction project webpage at [maps.cookcountyil.gov/hwyproject](http://maps.cookcountyil.gov/hwyproject).

Ongoing lane closures and traffic shifts are scheduled to continue over the next two years on these local roadways to allow Cook County to complete the roadway improvements which includes pavement reconstruction, bridge work, watermain reconstruction, drainage installation, and traffic signal modifications.

The project will include work to realign a portion of County Line Road to accommodate the reconstruction and widening of the Central Tri-State Tollway (I-294) and for the North Avenue Interchange Project that includes construction of a new ramp connecting southbound I-294 to County Line Road to provide new access to North Avenue and Lake Street to help reduce congestion at the interchange and on local roads.

In addition, the North Avenue and Lake Street (U.S. Route 20) intersection will be reconfigured to improve traffic flow and provide new direct access to eastbound North Avenue. Drainage improvements are planned to help alleviate flooding in the area during periods of heavy rainfall. Construction of detention ponds to hold stormwater and the installation of new storm sewers will help address flooding along North Avenue.

In partnership with the Illinois Tollway and cities of Northlake and Elmhurst, Cook County is leading the project's design and will be constructing the project improvements. This work is in coordination with the

Illinois Tollway's 15 year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*.

### **Work Zone Safety**

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present.

The Illinois Tollway reminds motorists that the "Move Over Law" requires motorists to change lanes or to slow down and proceed with caution when passing any vehicle on the side of the road with hazard lights activated. If you see flashing lights ahead, please move over or slow down.

Illinois State Police have zero tolerance for drivers speeding in work zones or failure to comply with the Move Over Law. The minimum penalty for speeding in a work zone is \$250 with up to a \$25,000 fine and a 14-year jail sentence for hitting a roadway worker. Penalties for failure to slow down or move over for a vehicle on the shoulder with flashing lights includes up to a \$10,000 fine, 2-year suspension of driving privileges and jail time, in extreme cases.

### **About Move Illinois**

The Illinois Tollway's 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, is improving mobility, relieving congestion, reducing pollution, creating as many as 152,000 jobs and linking economies throughout the region. The first 11 years of *Move Illinois* are on schedule and within budget, delivering the rebuilt and widened Jane Addams Memorial Tollway (I-90) as a state-of-the-art 21<sup>st</sup> century corridor and opening a new interchange connecting the Tri-State Tollway (I-294) to I-57. Progress continues on projects addressing the remaining needs of the existing Tollway system, delivering the Elgin O'Hare Western Access Project and reconstruction of the Central Tri-State Tollway (I-294).

### **About the Illinois Tollway**

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 294 miles of roadways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90), the Tri-State Tollway (I-94/I-294/I-80) and the Illinois Route 390 Tollway.
