ILLINOIS TOLLWAY SEEKS FIRMS FOR DESIGN AND CONSTRUCTION MANAGEMENT SERVICES AS PART OF THE *MOVE ILLINOIS CAPITAL PROGRAM*

Five professional engineering services contracts worth an estimated \$15 million

DOWNERS GROVE, IL – The Illinois Tollway today announced that it is seeking professional engineering firms to provide engineering, inspection, design and construction management services for five new contracts anticipated to be awarded in 2023.

The contracts will provide for an estimated \$15 million in contracts related to work in the 15-year, \$14 billion *Move Illinois* capital program.

Contracts being advertised in Professional Services Bulletin 23-3 include:

- Two contracts for construction management services on the I-490 Tollway Project
- Two contracts for toll plaza design services systemwide
- One contract for construction management services upon request systemwide

Firms interested in submitting a proposal can view the PSB 23-3, under the Doing Business section on the Tollway's website www.illinoistollway.com for more information.

An optional virtual pre-proposal meeting will be held on Wednesday, July 12, 2023, at 9:00 a.m. for firms interested in submitting Statements of Interest as prime consultants or participating on contracts as subconsultants. Please use the following [link](#) to attend.

Submissions are due by 4:30 p.m. on July 28, 2023, with contracts expected to be awarded by the Illinois Tollway Board of Directors in late fall 2023. Work is expected to begin in 2024.

Illinois Tollway professional engineering services contracts are selected in accordance with the qualifications-based selection process (Illinois Public Act 87-673 (30 ILCS 535/1-535/80) Architectural, Engineering and Land Surveying Qualifications-Based Selection Act), which requires state agencies to select professional architects, engineers and surveyors on the basis of demonstrated competence and professional qualifications. All contracts are presented to the Illinois Tollway Board of Directors for review and approval.

The Illinois Tollway provides detailed information about current Tollway construction and professional engineering services contracts through the Construction Contract Tracker on the Tollway's website at www.illinoistollway.com.

Contractors and consultants can also access resources online to help them learn about how to do business with the Tollway, including construction bid-letting schedules, professional service bulletins, manuals and construction bid calendars, as well as Technical Assistance and Partnering for Growth programs. These resources can be found in the Doing Business section of the Tollway's website.

About *Move Illinois*

The Illinois Tollway's 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, is improving mobility, relieving congestion, reducing pollution, creating as many as 152,000 jobs and linking economies throughout the region. The first 11 years of *Move Illinois* are on schedule and within budget, delivering the new Illinois Route 390 Tollway and a rebuilt and widened Jane Addams Memorial Tollway (I-90) with its new SmartRoad corridor, as well as opening a new interchange connecting the Tri-State Tollway (I-294) to I-57. Progress continues on projects addressing the remaining needs of the existing Tollway system, delivering the new I-490 Tollway Project and reconstruction of the Central Tri-State Tollway (I-294).

About the Illinois Tollway

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 294 miles of roadways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90), the Tri-State Tollway (I-94/I-294/I-80) and the Illinois Route 390 Tollway.
