### **ILLINOIS TOLLWAY READY FOR RUSH HOUR SNOWFALL**

*Drivers advised to slow down, allow extra time for morning commutes*

**DOWNERS GROVE, IL** – The Illinois Tollway is deploying its full fleet of 185 snowplows in response to snow anticipated to fall during the Thursday morning rush hour. The Tollway's Snow Operations Center is open to manage the agency's systemwide response.

"Our crews and snowplows will be out clearing the roads to help our customers safely complete their morning commutes," said Illinois Tollway Executive Director Greg Bedalov. "We are asking drivers to please slow down, allow additional time for their trips and be aware that roadway conditions may vary as the storm moves across our area."

The Illinois Tollway will have a full complement of more than 200 staff and supervisors per shift to ensure that roadways are kept clear of snow and ice.

During winter weather, drivers are advised to slow down and give other motorists and snowplows the space they need to travel safely. Snowplows often work in tandem to remove as much ice, slush and snow as possible from all lanes at once. When it is safe to pass, the plows spread out and allow traffic to flow around them.

Drivers whose vehicles become disabled should dial \*999 from a cellphone for assistance from Illinois State Police District 15 or from the Tollway's Highway Emergency Lane Patrol (H.E.L.P.) trucks sponsored by State Farm. Drivers should note the roadway and direction of travel and nearest milepost or crossroad.

The Tollway also reminds drivers that the "Move Over" Law, formerly called "Scott's Law," requires drivers to move over a lane if they encounter an emergency vehicle stopped on or along the roadway with its lights flashing. The law, which has been in effect since 2002, protects police officers, firefighters and maintenance workers while they are assisting others. Drivers should also slow down and proceed cautiously when passing stopped emergency vehicles.

### **Tollway Travel Tips**

The Tollway offers the following tips for winter weather events:

- Slow down and leave enough time to reach your destination.
- Do not make sudden lane changes and always use your turn signal.
- Don't follow too closely and increase your intervals between vehicles.
- Reduce speed in cash lanes at toll plazas.
- Remember to always wear your safety belt and ensure children under the age of 8 are securely restrained in child safety seats.
- Don't text or use a hand-held cellphone while driving. Both are illegal.
- Need Help? Dial \*999. If your vehicle becomes disabled, park safely on the shoulder, raise your hood and remain in your vehicle. Dial \*999 and assistance will be dispatched to your location.

### **Illinois Tollway Keeps Drivers Informed**

In addition to working to keep roads free of snow and ice, the Illinois Tollway provides drivers with information to help them reach their destinations safely during winter weather events.

The Illinois Tollway's Traffic and Incident Management System (TIMS) provides real-time travel times and roadway conditions on over-the-road electronic message signs throughout the Tollway.

Real-time roadway incident information including the type of incident, location and impact on traffic is also available on [www.illinoistollway.com](http://www.illinoistollway.com) or via Twitter to assist drivers in planning their trips. Drivers can sign up for Tollway tweets at [www.twitter.com](http://www.twitter.com) from the Tollway's website at [www.illinoistollway.com](http://www.illinoistollway.com). Tweeters can follow all four Tollway Trips or just the roadways that interest them. The four are Tollway Trip 90, Tollway Trip 94/294, Tollway Trip 88 and Tollway Trip 355.

Before traveling, customers can access live camera feeds that offer "bird's-eye" views from 21 different locations along the Tollway system. The camera feeds are easily accessible by selecting the "View Traffic Cameras" link on the Tollway's homepage at [www.illinoistollway.com](http://www.illinoistollway.com).

In addition, the Tollway operates a toll-free telephone line to keep customers up-to-date about weather conditions on its roadways. Customers can call 1-800-TOLL-FYI (1-800-865-5394) for recorded information updated every two hours or as conditions require during winter storms.

### **About the Illinois Tollway**

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 286 miles of interstate tollways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90) and the Tri-State Tollway (I-94/I-294/I-80).
