

*Move Illinois:
The Illinois Tollway Driving the Future*

NEWS

FOR IMMEDIATE RELEASE

April 18, 2016

**LOCAL ROAD LANE CLOSURES SCHEDULED
FOR JANE ADDAMS MEMORIAL TOLLWAY (I-90) CONSTRUCTION**
*Closures scheduled for I-90 Rebuilding and Widening Project on Mannheim Road
in Rosemont and Arlington Heights Road in Elk Grove Village*

DOWNERS GROVE, IL – Local road lane closures in Rosemont and Elk Grove Village are scheduled to begin this week as work continues to rebuild the bridges carrying the Jane Addams Memorial Tollway (I-90) over local roads. This work is part of the I-90 Rebuilding and Widening Project and is scheduled to be complete in 2016.

Electronic message signs will be put in place in advance to alert drivers to the scheduled lane closures. The temporary closures are necessary to provide a work zone and safely accommodate the construction of new lanes in each direction on I-90. All work is weather dependent.

On Arlington Heights Road in Elk Grove Village, during the week of April 18, two nights of overnight lane closures will be scheduled to place new bridge beams. One lane in both directions will be scheduled to close at 6 p.m., with full roadway closures, each lasting 15 minutes, scheduled between 9 p.m. and 5 a.m. All lanes will reopen by 6 a.m.

On Mannheim Road in Rosemont, during the week of April 18, one night of overnight lane closures will be scheduled to place new bridge beams. One lane in both directions will be scheduled to close at 6 p.m., with full roadway closures, each lasting 15 minutes, scheduled between 9 p.m. and 5 a.m. All lanes will reopen by 6 a.m.

The local roadway closures were coordinated with Elk Grove Village, the Village of Rosemont and the Illinois Department of Transportation, along with local police and fire departments.

Current construction on I-90 between Elgin and the Tri-State Tollway (I-294) is part of the \$2.5 billion I-90 Rebuilding and Widening Project. The eastern segment of I-90 is being rebuilt and a new lane added to provide four lanes in each direction between Randall Road and I-294.

The project also requires reconstruction of I-90 bridges over local roads between Illinois Route 53 and I-294. Mainline bridges with local road impacts include: Golf Road, Arlington Heights Road, Busse Road, Oakton Street, Mount Prospect Road, Wolf Road, Touhy Avenue, Mannheim Road and Higgins Road (Illinois Route 72) in Rosemont.

Construction information about the I-90 Rebuilding and Widening Project is available in the “Projects by Roadway” section in the Construction/Planning section on the Tollway’s website at www.illinoistollway.com.

Work Zone Safety

The Illinois Tollway is committed to ensuring that the Jane Addams Memorial Tollway (I-90) remains safe for both drivers and workers during construction, which is part of the agency's overall commitment to roadway safety.

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present. On I-90 a 45 mph work zone speed limit is in effect throughout the construction season. On local roads work zone speed limits are in place, including a 40 mph work zone speed limit on Mannheim Road and a 45 mph work zone speed limit on Arlington Heights Road.

Illinois State Police have zero tolerance for drivers speeding in work zones. The minimum penalty for speeding in a work zone is \$375. Posted signs advise drivers of a \$10,000 fine and a 14-year jail sentence for hitting a roadway worker.

I-90 Rebuilding and Widening Project

The \$2.5 billion Jane Addams Memorial Tollway (I-90) Rebuilding and Widening Project will deliver a 21st century, state-of-the-art corridor linking Rockford to O'Hare International Airport. The I-90 corridor from downtown Chicago to Rockford serves nearly one million travelers per day. The project encompasses 62 miles and features six reconstructed and expanded lanes from Randall Road to I-39 near Rockford completed in 2014 and reconstruction and expansion to eight lanes from the Tri-State Tollway (I-294) to Randall Road in Elgin to be completed in 2016. The new I-90 will also feature significant improvements to seven interchanges and bus on shoulder service along the eastern segment in partnership with Pace. In addition, the new I-90 includes flexible infrastructure to enable the Tollway to add new "smart" features and future transit expansion for the first time in the agency's history.

The I-90 Rebuilding and Widening Project is funded by the Illinois Tollway's 15-year, \$12 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*. The I-90 bridges were constructed as part of the original Tollway system in the 1950s.

Illinois Tollway Keeps Drivers Informed

The Tollway offers the following ways for drivers to get the latest travel information before they get on the road:

- www.illinoistollway.com – Construction/Planning section, Tollway Trip Calculator, live roadway images and real-time roadway incident information
- 1-800-TOLL-FYI – Daily lane closure and travel information
- www.travelmidwest.com – Real-time travel times
- www.twitter.com – Real-time roadway incident information at Tollway Trip 90, Tollway Trip 88, Tollway Trip 355 and Tollway Trip 94/294

About Move Illinois

The Illinois Tollway's 15-year, \$12 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, will improve mobility, relieve congestion, reduce pollution, create as many as 120,000 jobs and link economies across the Midwest region. *Move Illinois* will address the remaining needs of the existing Tollway system; rebuild and widen the Jane Addams Memorial Tollway (I-90) as a state-of-the-art 21st century corridor; construct a new interchange to connect the Tri-State Tollway (I-294) to I-57; build a new, all-electronic Elgin O'Hare Western Access Project and fund planning studies for emerging projects.

About the Illinois Tollway

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 286 miles of interstate tollways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90) and the Tri-State Tollway (I-94/I-294/I-80).
