

*Move Illinois:  
The Illinois Tollway Driving the Future*

# NEWS

**FOR IMMEDIATE RELEASE**

**April 22, 2016**

**TEMPORARY, OVERNIGHT LANE CLOSURES SCHEDULED NEXT WEEK  
ON JANE ADDAMS MEMORIAL TOLLWAY (I-90) AT SPRING CENTER ROAD**

*Local crossroad bridge being reconstructed for  
Jane Addams Memorial Tollway (I-90) Rebuilding and Widening Project*

**DOWNERS GROVE, IL** – Temporary, overnight lane closures are scheduled next week for bridge beam removal at Spring Center Road on the Jane Addams Memorial Tollway (I-90) in Boone County. The work is part of the I-90 Rebuilding and Widening Project and scheduled to be complete by the end of 2016.

Electronic message signs and construction signage will be put in place in advance to alert drivers to the lane closures. The temporary closures are necessary to provide a work zone and safely accommodate the construction of the new local crossroad bridge over I-90. All work is weather dependent.

During the week of April 26, two nights of lane closures, including intermittent full closures of the roadway, will be scheduled on I-90 at Spring Center Road for removal of bridge beams. To accommodate construction, two lanes in one direction will be scheduled close at 8 p.m. each night, with temporary, full roadway closures, each lasting 15 minutes, scheduled between midnight and 3 a.m. All lanes will reopen by 6 a.m. ahead of the morning rush hour.

Reconstruction of the Spring Center Road Bridge is being coordinated with Boone County and Flora Township, along with local school districts and police and fire departments.

The Spring Center Road Bridge was constructed as part of the original Tollway system in the 1950s and is being reconstructed and widened to accommodate the new, wider I-90 roadway. The new concrete bridge will include one lane in both directions and shoulders. Up to 75 vehicles use this bridge daily.

The Spring Center Road Bridge in Boone County is among four local crossroad bridges scheduled to be reconstructed along I-90 in 2016 to accommodate the new, wider I-90 roadway. Local crossroad bridge construction in 2016 also includes removal and reconstruction of the Tripp Road Bridge in Boone County and completion of work on the Higgins Road Bridge (Illinois Route 72) in Gilberts and on the Higgins Road Bridge (Illinois Route 72) in Hoffman Estates.

Maps and construction project information about the I-90 local crossroad bridge projects are available in the “Projects by Roadway” section in the Construction/Planning section on the Tollway’s website at [www.illinoistollway.com](http://www.illinoistollway.com).

**Work Zone Safety**

The Illinois Tollway is committed to ensuring that the Jane Addams Memorial Tollway (I-90) remains safe for both drivers and workers during construction, which is part of the agency’s overall commitment to roadway safety.

-more-

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present. On I-90 a 45 mph work zone speed limit is in effect throughout the construction season.

Illinois State Police have zero tolerance for drivers speeding in work zones. The minimum penalty for speeding in a work zone is \$375. Posted signs advise drivers of a \$10,000 fine and a 14-year jail sentence for hitting a roadway worker.

### **I-90 Rebuilding and Widening Project**

The \$2.5 billion Jane Addams Memorial Tollway (I-90) Rebuilding and Widening Project will deliver a 21<sup>st</sup> century, state-of-the-art corridor linking Rockford to O'Hare International Airport. The I-90 corridor from downtown Chicago to Rockford serves nearly one million travelers per day. The project encompasses 62 miles and features six reconstructed and expanded lanes from Randall Road to I-39 near Rockford completed in 2014 and reconstruction and expansion to eight lanes from the Tri-State Tollway (I-294) to Randall Road in Elgin to be completed in 2016. The new I-90 will also feature significant improvements to seven interchanges and bus on shoulder service along the eastern segment in partnership with Pace. In addition, the new I-90 includes flexible infrastructure to enable the Tollway to add new "smart" features and future transit expansion for the first time in the agency's history.

The I-90 Rebuilding and Widening Project is funded by the Illinois Tollway's 15-year, \$12 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*. The I-90 bridges were constructed as part of the original Tollway system in the 1950s.

### **Getting Tollway Construction Information**

The Illinois Tollway has a variety of ways customers can get the latest travel information, including:

- [www.illinoistollway.com](http://www.illinoistollway.com) – Construction/Planning section, Tollway Trip Calculator, live roadway images and real-time roadway incident information
- 1-800-TOLL-FYI – Daily lane closure information
- [www.travelmidwest.com](http://www.travelmidwest.com) – Real-time travel times
- [www.twitter.com](http://www.twitter.com) – Real-time roadway incident information at Tollway Trip 90, Tollway Trip 88, Tollway Trip 355 and Tollway Trip 94/294

### **About Move Illinois**

The Illinois Tollway's 15-year, \$12 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, will improve mobility, relieve congestion, reduce pollution, create as many as 120,000 jobs and link economies across the Midwest region. *Move Illinois* will address the remaining needs of the existing Tollway system; rebuild and widen the Jane Addams Memorial Tollway (I-90) as a state-of-the-art 21<sup>st</sup> century corridor; construct a new interchange to connect the Tri-State Tollway (I-294) to I-57; build a new, all-electronic Elgin O'Hare Western Access Project and fund planning studies for emerging projects.

### **About the Illinois Tollway**

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 286 miles of interstate tollways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90) and the Tri-State Tollway (I-94/I-294/I-80).
