***** UPDATED *****

**DETOURS RESCHEDULED TO JULY 21 FOR FARNSWORTH AVENUE RAMPS
ON THE REAGAN MEMORIAL TOLLWAY (I-88) IN AURORA**

*Access restricted for two ramp movements through August
as part of the Farnsworth Avenue Interchange Project*

DOWNERS GROVE, IL – Detours at the Farnsworth Avenue Interchange on the Reagan Memorial Tollway (I-88) have been rescheduled to begin on Friday, July 21. Access to and from the interchange will be reduced through August to accommodate roadway and bridge pavement reconstruction as work continues to rebuild the interchange in Aurora.

Weather permitting, detours will be put in place for traffic traveling from eastbound I-88 to northbound Farnsworth Avenue and traffic traveling from northbound Farnsworth Avenue to westbound I-88. Both traffic movements currently require left turns through the work zone where pavement work is underway, so access will be temporarily restricted for construction. All other interchange ramp access will remain open to drivers.

Electronic message signs and detour signage will be put in place in advance to alert drivers to dates and times for the scheduled detours. The closures are necessary to provide a work zone that safely accommodates construction. All work is weather dependent.

A detour will be put in place for eastbound I-88 traffic exiting to northbound Farnsworth Avenue, directing drivers southbound on Farnsworth Avenue to a detour route via Diehl Road, Eola Road and Butterfield Road to reach northbound Farnsworth Avenue. In addition, Northbound Farnsworth Avenue traffic traveling to westbound I-88 will be directed northbound on Farnsworth Avenue to a detour route via Butterfield Road, Eola Road and Bilter Road to enter westbound I-88. The detours are scheduled to remain in place through August.

During the closures and detours, two lanes will remain open on Farnsworth Avenue in both directions. An additional southbound lane at the ramps will open to serve the remaining ramp traffic.

The ramp detours are being coordinated with the Illinois Department of Transportation, the City of Aurora, Aurora Township, DuPage and Kane Counties, local fire and police departments.

Construction information about the [Farnsworth Avenue Interchange Project](#) is available in the “Projects by Roadway” section in the Explore Projects section on the Tollway’s website at illinoistollway.com.

Work Zone Safety

The Illinois Tollway is committed to ensuring that the Reagan Memorial Tollway (I-88) and other area roadways remain safe for both drivers and workers during construction, which is part of the agency’s overall commitment to roadway safety.

Construction zone speed limits are in effect in all construction zones 24/7 and drivers should continue to watch for changing traffic patterns and use caution, especially when workers are present. On Farnsworth

Avenue, a 35 mph work zone speed limit is in effect throughout the construction season. On I-88, a 55 mph work zone speed limit will be in place.

Illinois State Police have zero tolerance for drivers speeding in work zones. The minimum penalty for speeding in a work zone is \$375. Posted signs advise drivers of a \$10,000 fine and a 14-year jail sentence for hitting a roadway worker.

The Farnsworth Interchange Project

The \$19 million Farnsworth Avenue Interchange Project is reconfiguring ramps and reconstructing the Farnsworth Avenue Bridge over the Reagan Memorial Tollway (I-88) in Aurora to extend the life of the interchange, increase traffic capacity and provide safe and convenient travel for Tollway customers. The project includes the construction of a new bridge, ramp reconfiguration, installation of energy-efficient LED lighting and the addition of a bicycle and pedestrian path across the bridge. Work on the project is scheduled to be complete in 2017.

In 2016, the Illinois Tollway completed removal and reconstruction of the side of the bridge carrying northbound traffic, along with the closure and reconfiguration of two ramps carrying traffic from eastbound I-88 to northbound Farnsworth Avenue and from northbound Farnsworth Avenue to westbound I-88.

Getting Tollway Construction Information

The Illinois Tollway has a variety of ways customers can get the latest travel information, including:

- illinoistollway.com – Explore Projects section, Tollway Trip Calculator, live roadway images and real-time roadway incident information
- 1-800-TOLL-FYI – Daily lane closure information
- travelmidwest.com – Real-time travel times
- twitter.com – Real-time roadway incident information at Tollway Trip 90, Tollway Trip 88, Tollway Trip 355, Tollway Trip 94/294 and Tollway Trip 390.

About Move Illinois

The Illinois Tollway's 15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future*, is improving mobility, relieving congestion, reducing pollution, creating as many as 120,000 jobs and linking economies throughout the region. The first five years of *Move Illinois* is on schedule and within budget, delivering the rebuilt and widened Jane Addams Memorial Tollway (I-90) as a state-of-the-art 21st century corridor and opening a new interchange connecting the Tri-State Tollway (I-294) to I-57. Progress continues on projects addressing the remaining needs of the existing Tollway system, delivering the Elgin O'Hare Western Access Project and planning for emerging projects, including reconstruction of the Central Tri-State Tollway (I-294).

About the Illinois Tollway

The Illinois Tollway is a user-fee system that receives no state or federal funds for maintenance and operations. The agency maintains and operates 292 miles of roadways in 12 counties in Northern Illinois, including the Reagan Memorial Tollway (I-88), the Veterans Memorial Tollway (I-355), the Jane Addams Memorial Tollway (I-90), the Tri-State Tollway (I-94/I-294/I-80) and the Illinois Route 390 Tollway.
