## **Directors the Inspector General's Summary Activity Report**

---

Chairman Evans introduced T.J. Hengesbach, Tollway Inspector General, to provide a briefing for the Board on items likely to be included in the Office of Inspector General's ("OIG's") Summary Activity Report, which is conveyed semi-annually to the Tollway Board of Directors, the Office of the Governor and the Illinois General Assembly, pursuant to requirements of the Toll Highway Act.

Mr. Hengesbach explained that a preview of the report for the period of September 1, 2019 to March 31, 2020 is being provided in Executive Session to allow Directors an opportunity to discuss issues not appropriate for public session. He noted that the Summary Activity Report will be filed at the end of March and formally presented to Directors at the April meeting.

Mr. Hengesbach summarized a memo distributed to Directors detailing four OIG investigations that resulted in employee resignation or discharge/termination. He advised the Board that one of the discharged employees neglected to make full restitution, and this case has been sent to the Winnebago County State's Attorney's office to consider prosecution. Mr. Hengesbach additionally provided an update on a 2019 investigation that resulted in discharge/termination.

Directors and Mr. Hengesbach discussed OIG investigative procedures and dollar amount thresholds over which potential theft cases are investigated by the OIG and potentially referred for criminal prosecution. Mr. Hengesbach noted that any employee disciplinary action resulting from an OIG investigation is determined by Tollway management.

A Director inquired about the ability of equipment operator laborers to return to work after their licenses are suspended in connection with a DUI charge. Mr. Hengesbach responded that under the current collective bargaining agreement, a union member is allowed to return to work if the member can secure reinstatement of his/her license within 90 days of its suspension. He noted that if the union member is unable to timely secure reinstatement of his/her license, the member is precluded from returning to their position.

*[Mr. Hengesbach departed, and Mr. Kambich entered the meeting at this time].*

## **Directors discussed pending or probable litigation**

---

**Addendum Agreement Relating to Support Services (Legal Item 5):** General Counsel provided a summary of an ongoing dispute between the Tollway and Oracle reseller, Mythics, Inc., concerning support service fees for Oracle products. General Counsel advised the Board that under the current extension agreement, the Tollway's right to support services will expire on February 29, 2020, and because the Tollway cannot prudently forego support services (even

temporarily), the Tollway is seeking authority to negotiate and enter into another extension agreement with Mythics, providing that the Tollway will receive support services throughout 2020. Further, she explained that if the parties are unable to resolve their dispute informally, the Tollway will review and/or exercise any legal remedies it may have.

Directors and staff discussed the specifics of the disputed fee issue, which amounts to approximately \$1.5 million annually.

### **Directors discussed pending or probable litigation**

---

**Final Settlement of Condemnation Litigation - ISTHA v. John W. Stueve and James W. Stueve (Legal Item 2):** General Counsel provided a summary of a condemnation action pursuant to which the Tollway sought fee simple title to Parcel EO-1B-12-095. She noted that the real estate interest is needed for roadway widening along the Elgin O'Hare Western Access ("EOWA") corridor. She advised the Board that both the Legal Department and Land Acquisition Manager recommend that the Board approve the parties' settlement agreement of \$1,000,000.00, which is the amount the Tollway previously posted with the court as preliminary just compensation.

### **Directors discussed land acquisition activities**

---

*[Discussions related to land acquisition are redacted.]*

### **Directors discussed workers' compensation settlements**

---

**Worker's Compensation Settlement (Legal Item 4):** *[Discussions related to litigation and litigation strategy are redacted.]* General Counsel reported that the parties agreed to settle all claims for \$149,000.00, plus a legally required Medicare Set-Aside, estimated at \$69,512.78. She explained that the settlement amount is based on a present cash value wage differential calculation. She advised the Board that both the Legal Department and outside counsel recommend approval of the proposed settlement, which would close all claims and eliminate any risk of future related medical treatment costs.

### **Re-Enter Public Session**

**Administrative Real Estate Settlement – Casey Capital Partners (Legal Item 4):** *[Discussions related to litigation and litigation strategy are redacted.]* General Counsel advised the Board that the parties have agreed to settle the matter for the amount of \$9,000,000.00.

### **Directors discussed litigation settlements**

---

**Worker’s Compensation Settlement (Legal Item 5):** *[Discussions related to litigation and litigation strategy are redacted.]* She reported that Tollway counsel negotiated a settlement for \$112,500.00, a substantial savings. She noted that in addition to realizing the above savings, settlement will save the Tollway further litigation expense and close Petitioner’ claim, eliminating any risk of future related medical treatment. General Counsel advised the Board that the Legal Department recommends settling this matter for \$112,500.

**Litigation Settlement – Iwan Klowaty (Legal Item 6):** *[Discussions related to litigation and litigation strategy are redacted.]* Tollway counsel negotiated a \$28,500.00 settlement with the Plaintiff, which would release the Tollway from any and all related claims. She advised the Board that the Legal Department recommends settling this matter for \$28,500.00.

*[Discussions related to litigation and litigation strategy are redacted.]*
