Secretary Gary Hannig

Chair Wolff then requested that the Board enter into Executive Session in order to have the open session and the Regular Board meeting begin at 10:00 a.m. permitting those who wish to attend be at the meeting, consistent with the posted agenda.

Tom Bamonte, General Counsel, stated that the Board would enter into Executive Session to discuss the following: appointment of specific employees of the agency pursuant to Section (2)(c)(1) of the Open Meetings Act; collective bargaining matters specific to Section (2)(c)(2); and litigation matters pursuant to Section (2)(c)(11) of the Act.

Chair Wolff called for a motion to enter into Executive Session. Director Saldaña moved for adoption; seconded by Director Canham. The motion was approved unanimously.

(Whereupon the Board entered into Executive Session)

At 10:00 a.m. back in regular session, Chair Wolff called for
Public Comment. George Garner, of Exxon-Mobil, spoke to the Board regarding Exxon-Mobil’s desire to assign its lease at oases gas stations. The Board thanked him for his remarks. Chair Wolff then called for any additional Public Comment, and there being none, called for a motion approving the Minutes of the Regular Board Meeting held on January 28, 2010.

Director Banks moved for adoption; seconded by Director Canham. The motion was approved unanimously.

Chair Wolff requested that the guests at the Board meeting introduce themselves. They did so.

Work Group Reports

Director Weisner, Chairman of the Oases Working Group, briefed the Board. Director Weisner advised that a 2nd public meeting of the Oases Working Group would be held today, February 25, at 1:00 p.m. Director Weisner stated that staff was reviewing the information regarding Exxon-Mobil’s request to assign its lease to Combined Oil. The deadline for the response is March 5, 2010.

Director Morris, Chairman of the Customer Service Working Group, advised that progress is being made regarding electronic tolling and customer service concerning fines. A presentation will be given at the March Board meeting.

Chair Wolff then thanked Mr. Joe Fivelson, Acting Chief of Administration, on the update sent out regarding the 2009 Cycle Audits – Summary of Immaterial Findings presented at the last meeting.

Chair Wolff stated that there are several bills in the legislature that may affect the Tollway. The first is a bill sponsored by Senators Garrett and Schoenberg regarding the Tollway Inspector General Office. This proposal mirrors those laws establishing inspector general positions at
other agencies. The second bill is regarding public/private partnerships and a third bill creates a high speed rail authority and includes a role the Tollway might play in developing high-speed rail.

Chair Wolff announced that Andrew Boron was developing guidelines for when Board members must recuse themselves to avoid actual or apparent conflicts of interest to be presented at the next meeting.

Chair Wolff stated that she is attempting to convene a regional meeting with the heads of other transportation agencies in the region. This is intended to enable the agencies to develop a shared vision and work together regarding green initiatives and economic development.

Chair Wolff stated the Tollway has received a number of resumes for the Executive Director position, and the Executive Director Selection Committee will meet after the Board meeting.

Acting Executive Director Mike King stated that the Tollway has partnered with the Illinois Secretary of State’s Office to sell I-PASS. The Tollway was at the Secretary of State’s Office in Schaumburg the day before, and would be at the Secretary of State’s Aurora office today. The Tollway will be visiting numerous Secretary of State offices in the coming months.

Mr. King gave the Board an update on the pilot program for shifting the Dixon and Spring Creek toll plazas to unattended toll plazas overnight to reduce operating costs. This program was designed to improve efficiencies and reduce costs at mainline toll plazas when traffic volumes and cash customers are low. This program will be evaluated over the next few months. Director Roelf inquired as to the public’s response to this change. Mr. King advised that the Tollway has received minimal comments.

Mr. King gave a presentation regarding the Tollway’s future
capital planning efforts on projects that have the potential to become future tollway projects. More in depth presentations will be given to the Board over the next few months. These projects include IL-53/I-355 North Extension; Elgin O’Hare Western Bypass; Illiana Expressway; Prairie Parkway; Congestion Pricing, or other forms of innovative transportation systems on I-90, I-80 from I-55 to I-294, and I-290 from I-88 to I-294. Mr. King then gave background on interchange requests, and advised that the interchanges are categorized as major interchanges, new request interchanges, and improvements to operational interchanges.

Mr. King then advised that there are areas of the Tollway that were not included in the CRP and are original to the system and are more than 50 years old. These facilities include some toll plazas, maintenance buildings, salt domes, and the central Tri-State Tollway.

Mr. Rocco Zucchero, Deputy Chief of Planning, then gave a presentation on the Jane Addams Memorial Tollway (I-90) corridor needs. Mr. Zucchero advised that the Tollway’s General Consultant estimates that 80% of I-90 will require major repairs by the end of 2010. He showed a variety of options for I-90 including reconstruction of the existing roadway, reconstruction and widening, reconstruction with the STAR line rail right of way reserved; and reconstruction with Express Bus Service right of way reserved with high occupancy toll (HOT) lanes. Mr. Zucchero showed the costs, benefits and impacts of the various scenarios.

Chair Wolff commented that the Tollway will continue to work with the Governor’s Office and regional transportation agencies to prioritize projects.

Director Morris asked Mr. Mike Colsch to project out how these projects could affect tolls. Chair Wolff suggested that a financial plan would be developed over time.
Chair Wolff then began the Consent Agenda by calling for a motion adopting the following resolutions:

Amendment to the Commercial Co-Location Agreement with Business Only Broadband (BOB). This appears in the Appendage as Resolution No. 19010.
