SECTION 1. INSTRUCTIONS AND GENERAL INFORMATION

A.1 PROCESS CHANGES RESULTING FROM BIDBUY: BidBuy is the new electronic procurement system being used by State agencies under the jurisdiction of the Chief Procurement Officer for General Services. With the implementation of BidBuy, some procurement processes have changed. In some instances, BidBuy entirely replaces the State's previous procurement processes. In others, the past instruction or process remains unchanged or is augmented by BidBuy.

The State publishes Invitations for Bid (IFB) in BidBuy. BidBuy consists of public webpages that may be referred to as the "Bulletin" or information "on BidBuy". BidBuy also permits vendors to create password protected Seller Accounts allowing electronic quoting for some procurement methods. The IFB, along with other attachments and information on BidBuy, constitutes the State's solicitation. The State may accept electronic bids in response to IFBs through BidBuy. Bidders may continue to submit bids in paper format and in accord with the instructions for submission. Bidders must pay special attention to the instructions found on BidBuy as they augment the information in this IFB. Bidders shall read the entire contents of this IFB and direct any questions to the Information Contact found on the BidBuy posting.

A.2 CONFLICT BETWEEN INFORMATION ON PAPER AND BIDBUY: If the State provides information in paper format (i.e. the IFB and other attachments) that is different or in conflict with the information the State provides on BidBuy, then the information in paper format is presumed to represent the State's intent. If the Bidder provides information in paper format that is different or in conflict with the information the Bidder provides in BidBuy, then the information in paper format shall represent the Bidder's intended submission.

A.3 HOW TO ENTER INFORMATION: Type information in the text form fields provided. Text form fields are indicated by the instruction "Click here to enter text." in red font. If the information requested does not apply to the Bidder's situation, then enter "N/A" into the text form field. Please enter the requested information or N/A into every red text field. If used, then the Financial Disclosures and Conflicts of Interest, Disclosure of Business Operations in Iran, and Standard Certifications provided in Forms A or the Illinois Procurement Gateway, and certifications and disclosures provided in Forms B (if applicable) will become a material part of the contract.

If the State allows electronic quotes, then the Bidder may submit some information via BidBuy by following the prompts and instructions contained within BidBuy.

INSTRUCTIONS AND GENERAL INFORMATION

A.22.1.7. The State will determine whether Bids complied with the instructions for submitting bids. Except for late submissions, and other requirements that by law must be part of the submission, the State may require that a bidder correct deficiencies as a condition of further evaluation.

A.22.2. **RESPONSIBILITY:** A responsible Bidder is one who has the capability in all respects to perform fully the contract requirements and who has the integrity and reliability that will assure good faith performance. The State determines whether the Bidder is a “responsible” bidder; a bidder with whom the State can or should do business. For example, the State may consider the following:

A.22.2.1. A “prohibited bidder” includes any person assisting an employee of the State of Illinois by reviewing, drafting, directing, or preparing any invitation for bids, a request for proposal, or request for information, or providing similar assistance unless such assistance was part of a publicly issued opportunity to review drafts of all or part of these documents. For purposes of this section, an employee of the State of Illinois means one who, by the nature of his or her duties, has the authority to participate personally and substantially in the decision to award a State contract. No person or business shall submit specifications to a State agency unless requested to do so by an employee of the State. No person or business that contracts with a State agency to write specifications for a particular procurement need shall submit a bid or proposal or receive a contract for that procurement need.

Nothing herein is intended to prohibit a vendor from bidding or offering to supply developing technology, goods or services after providing the State with a demonstration of the developing technology, goods, or services; provided the subject of the demonstration to the State represents industry trends and innovation and is not specifically designed to meet the State's needs. Nothing herein is intended to prohibit a person or business from submitting a bid or offer or entering into a contract if the person or business: (i) initiates a communication with an employee to provide general information about products, services, or industry best practices and, if applicable, that communication is documented in accordance with Section 50-39 of the Illinois Procurement Code (30 ILCS 500/) or (ii) responds to a communication initiated by an employee of the State for the purposes of providing information to evaluate new products, trends, services, or technologies (30 ILCS 500/50-10.5).

A.22.2.2. Other factors that the State may evaluate to determine responsibility include, but are not limited to: political contributions, certifications, conflict of interest, financial disclosures, taxpayer identification number, past performance in business or industry, references (including those found outside the offer,) compliance with applicable laws, financial responsibility, insurability, effective equal opportunity compliance, payment of prevailing wages if required by law, capacity to produce or sources of supply, and the

STATE OF ILLINOIS INSTRUCTIONS AND GENERAL INFORMATION

ability to provide required maintenance service or other matters relating to the bidder's ability to deliver in the quality and quantity within the time and price as specified in this solicitation.

A.22.2.3. Awarded bidders must at all times have financial resources sufficient, in the opinion of the State, to ensure performance of the contract and must provide proof upon request. The State may require a performance bond if, in the opinion of the State, it ensures performance of the contract. The State may terminate the contract, consistent with the termination for cause provision of the contract, if the vendor lacks the financial resources to perform under the contract.

A.22.2.4. The State may require that a bidder correct any deficiencies as a condition of further evaluation.

All subcontracts must inform Subcontractors of this provision and their duty to comply.

If overtime is contemplated and provided for in this contract, all work performed by Vendor at overtime rates shall be pre-approved by the Tollway/Buyer.

5.4 VENUE AND ILLINOIS LAW:

5.5 REPORT OF A CHANGE IN CIRCUMSTANCES:

The (Contractor/Vendor) agrees to report to the TOLLWAY as soon as practically possible, but no later than 21 days following any change in facts or circumstances that might impact the (CONTRACTOR/VENDOR)'s ability to satisfy its legal or contractual responsibilities and obligations under this contract. Required reports include, but are not limited to changes in the (CONTRACTOR/VENDOR)'s Certification/Disclosure Forms, the (CONTRACTOR/VENDOR)'s IDOT pre-qualification, or any certification or licensing required for this project. Additionally, (CONTRACTOR/VENDOR) agrees to report to the Tollway within the above timeframe any arrests, indictments, convictions or other matters involving the (CONTRACTOR/VENDOR), or any of its principals, that might occur while this contract is in effect. This reporting requirement does not apply to common offenses, including but not limited to minor traffic/vehicle offenses.

Further, the (CONTRACTOR/VENDOR) agrees to incorporate substantially similar reporting requirements into the terms of any and all subcontracts relating to work performed under this agreement. The (CONTRACTOR/VENDOR) agrees to forward or relay to the Tollway any reports received from subcontractors pursuant to this paragraph within 21 days.

Finally, the (CONTRACTOR/VENDOR) acknowledges and agrees that the failure of the (CONTRACTOR/VENDOR) to comply with this reporting requirement shall constitute a material breach of contract which may result in this contract being declared void.
