

With the Illinois Route 390 Tollway completed, we are now closer than ever to O'Hare's doorstep. We continue to make progress into the western terminal providing new access and helping to unlock untapped economic opportunities throughout the region. A new SmartRoad along the Jane Addams Memorial Tollway (I-90) creates a testbed for the innovations of the future. The Tollway has made it easier for small businesses to grow their business and promote new opportunities for the workforce of tomorrow.

We're not done and are more committed than ever to achieving our goals. The success of 2017 has built the momentum we need to keep pressing forward and begin realizing the future. We're ready for what's to come and look forward to building onward with our partners and help lead the way to a brighter, stronger and more interconnected future.

CHAIRMAN Bob Schillerstrom
