ILLINOIS TOLLWAY AND ILLINOIS STATE POLICE OPERATION KID OFFERS FAMILY FUN AND SAFETY EVENT JULY 27 IN BARTLETT

Free safety seat checks and kids ID cards at K.I.S.S. event at the Bartlett Commons Shopping Center

DOWNERS GROVE, IL – The Illinois Tollway and Illinois State Police District 15, working to keep children safe every trip, every time through Operation Kid 2019, are hosting a free Kids' Identification and Safety Seat (K.I.S.S.) event with the Bartlett Police Department on Saturday, July 27, at the Bartlett Commons Shopping Center.

"K.I.S.S. events make staying safe quick and convenient for parents, grandparents and caregivers and fun for kids," said Illinois Tollway Executive Director José Alvarez. "Families can get their child safety seats checked, pick up free ID cards for their kids and enjoy other fun activities."

The next Operation Kid K.I.S.S. event is scheduled Saturday, July 27, from 8 a.m. to noon at the Bartlett Commons Shopping Center, 858 S. Illinois Route 59. Kids' ID card processing will take place inside the Bartlett Police Department Command Van, which will be parked on the east side of the parking lot behind the Wendy's. Safety seat inspections will take place nearby.

K.I.S.S. event highlights include:

- Free identification cards for children ages 3 and older.
- Child safety seat inspections and installations.
- Touch-a-truck display featuring hands-on exploration of vehicles from more than 15 different agencies, including Bartlett police and fire vehicles a Tollway H.E.L.P. truck and snowplow.
- Giveaways such as stickers, pens, Frisbees, glow sticks and squishy toys.
- Photos with Nat the Knight, the National Night Out mascot.
- Drawing for a free car seat.

Operation Kid 2019 – It's as easy as 1-2-3!

1 – Find an event near you.

The Illinois Tollway and Illinois State Police District 15 are hosting free K.I.S.S. events at convenient locations throughout Northern Illinois. A complete list is available on the Tollway's website at illinoistollway.com.

2 – Make sure your child's safety seat is properly installed.

Certified child passenger safety technicians inspect child safety seats and help parents and caregivers with proper installation. Some of the more common problems District 15 inspectors pinpoint include child facing the wrong direction, too much slack in harness straps, not properly securing the car seat, improper child restraint for the child's weight and the need for booster seats for older children.

3 – Get a photo ID card for your child.

Specially trained professionals take photographs and fingerprints of children 3 and older and gather vital information to include on an ID card that parents and caregivers can reference in an emergency.

If a child gets lost, an up-to-date, good-quality photo along with fingerprints and descriptive information can help law enforcement locate the child.

“Operation Kid offers a convenient way for drivers to make sure they’re complying with Illinois law,” said District 15 Acting Commander Dominic Chiappini. “The safest place for infants, toddlers and young children to ride is in the back seat with the appropriate child safety seat for their age and weight.”

Illinois law requires that all children under age 8 must be properly secured in an appropriate child restraint system when riding in a vehicle with family or other caregivers. In addition, as of January 1, 2019, children under age 2 years are required by Illinois law to ride rear-facing, unless the child weighs 40 or more pounds or is 40 or more inches tall, to protect their developing muscles and bones.

Properly installed child safety seats save lives and significantly reduce injuries in the event of a crash. Yet, Illinois State Police find that more than 90 percent of child safety seats they inspect are improperly installed.
