RESOLUTION NO. 21755

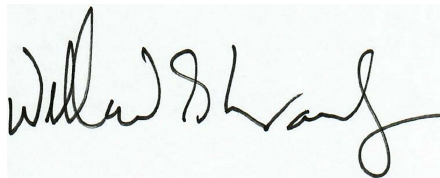

Background

It is in the best interest of the Illinois State Toll Highway Authority (the "Tollway") to enter into an Intergovernmental Agreement with the Village of Willow Springs ("Village"). The Tollway is working in partnership with the Village to address matters related to rehabilitation and reconstruction of the Central Tri-State, including widening and reconstruction of the Mile Long Bridge (Project). The Tollway will be utilizing Village roadways for construction of the Mile Long Bridge and as well as a detention pond adjacent to Village jurisdictional roadway Rust Trail. The Tollway will restore Village roadways to existing or better condition following construction. The Village will accept future maintenance responsibilities of the detention pond constructed as part of the Project.

Resolution

The Chief Engineering Officer and the Acting General Counsel are authorized to negotiate and prepare an Intergovernmental Agreement between the Illinois State Tollway Highway Authority and the Village of Willow Springs in substantially the form attached to this Resolution. The Chairman or the Executive Director is authorized to execute said agreement.

WHEREAS, the VILLAGE, through this document, will maintain the detention pond and three culverts with the associated end sections adjacent to Rust Trail; and

WHEREAS, the VILLAGE will waive any working hour restrictions during construction of the PROJECT; and

WHEREAS, the ILLINOIS TOLLWAY and the VILLAGE by this instrument, desire to determine and establish their respective responsibilities toward engineering, right-of-way acquisition, construction, funding and maintenance of the PROJECT as proposed; and

WHEREAS, the ILLINOIS TOLLWAY by virtue of its powers as set forth in the "Toll Highway Act," 605 ILCS 10/1 *et seq.* is authorized to enter into this AGREEMENT; and

WHEREAS, the VILLAGE by virtue of its powers as set forth in the "Illinois Municipal Code" 65 ILCS 5/1-1-1 *et seq.* is authorized to enter into this AGREEMENT; and

WHEREAS, a cooperative Intergovernmental Agreement is appropriate and such an Agreement is authorized by Article VII, Section 10 of the Illinois Constitution and the "Intergovernmental Cooperation Act", 5 ILCS 220/1 *et seq.*

NOW, THEREFORE, in consideration of the aforementioned recitals and the mutual covenants contained herein, the PARTIES hereto agree as follows:

I. ENGINEERING

- A. The ILLINOIS TOLLWAY agrees, at its sole expense, to perform preliminary and final design engineering, obtain necessary surveys, and prepare the final plans and specifications for the PROJECT.
- B. The final approved plans and specifications for the PROJECT shall be promptly delivered to the VILLAGE by the ILLINOIS TOLLWAY.

- C. The VILLAGE shall review the plans and specifications which impact the VILLAGE's maintained facilities within fifteen (15) calendar days of receipt thereof. If the ILLINOIS TOLLWAY does not receive comments or objections from the VILLAGE within this time period, the lack of response shall be deemed approval of the plans and specifications. Approval by the VILLAGE shall mean that the VILLAGE agrees with all specifications in the plans, including alignment and location of the PROJECT improvements which impact the VILLAGE's maintained facilities. In the event of disapproval, the VILLAGE will detail in writing its objections to the proposed plans and specifications for review and consideration by the ILLINOIS TOLLWAY.
- D. Any dispute concerning the plans and specifications shall be resolved in accordance with Section IX of this AGREEMENT.
- E. The ILLINOIS TOLLWAY agrees to assume the overall PROJECT responsibility, including assuring that all permits and approvals (U.S. Army Corps of Engineers, Illinois Department of Natural Resources, Metropolitan Water Reclamation District of Greater Chicago, Kane-DuPage Soil and Water Conservation District, DuPage County, including but not limited to Department of Environmental Concerns and Division of Highways, Illinois Environmental Protection Agency, etc.) and joint participation and/or force accounts (County, Township, Municipal, Railroad, Utility, etc.), as may be required by the PROJECT, are secured by the PARTIES hereto in support of general project schedules and deadlines. All PARTIES hereto agree to cooperate, insofar as their individual jurisdictional authorities allow, with the timely acquisition and clearance of said permits and agreements and in complying with all applicable Federal, State, and local regulations and requirements pertaining to work proposed for the PROJECT.
- F. The VILLAGE shall grant and consent to any and all permits, rights-of-access (ingress and egress), temporary use of its property and right-of-way to the ILLINOIS TOLLWAY, without charge to the ILLINOIS TOLLWAY. The ILLINOIS TOLLWAY and the VILLAGE executed a separate Intergovernmental Agreement for property interests and easements related to the PROJECT, as authorized by VILLAGE Ordinances 2018-O-38, 2018-O-39, and 2018-O-40. Any permit for right-of-access or temporary use shall not be unreasonably withheld by the VILLAGE.

II. RIGHT OF WAY

- A. The right-of-way necessary to construct the detention pond includes a temporary easement and two partial parcels, and has been conveyed by the VILLAGE to the ILLINOIS TOLLWAY by separate Intergovernmental Agreement as referenced above in Section I., Paragraph F. of this AGREEMENT.
- B. In the event, the ILLINOIS TOLLWAY identifies additional areas of the VILLAGE's right-of-way temporarily needed for the ILLINOIS TOLLWAY to enter, access and

use to allow the ILLINOIS TOLLWAY and/or its contractor(s) to construct the PROJECT, the VILLAGE, shall upon the ILLINOIS TOLLWAY's application to the VILLAGE's permit form, together with a plan set, issue the ILLINOIS TOLLWAY a permit without charge of permit fees to the ILLINOIS TOLLWAY; allowing the ILLINOIS TOLLWAY all temporary use. In addition, the VILLAGE shall waive any surety bonding requirement. The ILLINOIS TOLLWAY agrees upon completion of the PROJECT, that those lands used are to be restored to an "as good as – or better" than preconstruction condition. Approval of any permit shall not be unreasonably withheld by the VILLAGE.

- C. Easements transferred to the ILLINOIS TOLLWAY will be at no cost to the ILLINOIS TOLLWAY. Furthermore the expenses for title research, survey preparation, appraisal, negotiations, relocation, and court proceedings together with any other incidental expenses typically necessary to effectuate the acquisition of right-of-way shall be included into the final tally of "Right-Of-Way Cost" as addressed in Section V of this AGREEMENT.

III. UTILITY RELOCATION

- A. The ILLINOIS TOLLWAY agrees to provide the VILLAGE, as soon as they are identified, the locations (existing and proposed) of public and/or private utility facilities within existing VILLAGE rights-of-way which require adjustment as part of the PROJECT. As part of its PROJECT engineering responsibilities, the ILLINOIS TOLLWAY shall identify adjustments to the aforementioned existing utilities.
- B. The ILLINOIS TOLLWAY agrees to make all reasonable efforts to minimize the number of utility adjustments in the design of the PROJECT improvements.
- C. The VILLAGE agrees to make arrangements for and issue all permits for the PROJECT and cooperate with necessary adjustments to existing utilities located within existing VILLAGE rights-of-way.
- D. At all locations where utilities are located on VILLAGE rights-of-way and must be adjusted due to work proposed by the ILLINOIS TOLLWAY, the VILLAGE agrees to cooperate with the ILLINOIS TOLLWAY in making arrangements with the applicable utility and issue all permits for the requisite adjustment(s) at no cost to the ILLINOIS TOLLWAY. The ILLINOIS TOLLWAY agrees to either reimburse and/or credit the VILLAGE for any and all out of pocket costs the VILLAGE may incur in causing the aforementioned utility or utilities to be adjusted or include the utility relocation work in the PROJECT.

IV. CONSTRUCTION

RESOLUTION NO. 21757

Background

It is in the best interest of the Illinois State Toll Highway Authority (the "Tollway") to ratify an Intergovernmental Agreement previously executed with the Illinois Environmental Protection Agency ("IEPA"). This expenditure is required for the IEPA to perform an expedited review of a CWA 401 Water Quality Certification permit application submitted by the Tollway for the Central Tri-State Rehabilitation and Reconstruction project. Pursuant to 30 ILCS 500/20-30 and Section 1.2030 of the Central Management Services ("CMS") Procurement Rules (emergency purchase), it was necessary and in the best interest of the Tollway to request an expedited application review at a cost of \$40,000 due to exigent circumstances that would have seriously delayed the I-294 projects. This payment has been made through allowable direct costs to a Tollway consultant.

Resolution

The actions of the Chief Engineering Officer and the Acting General Counsel to negotiate and prepare an Intergovernmental Agreement between the Illinois State Tollway Highway Authority, and the Illinois Environmental Protection Agency in the form attached to this Resolution are ratified. The Executive Director's execution of said agreement is ratified and the Chief Financial Officer is authorized to issue warrants in payment thereof.

SECTION 4 EXPEDITED REVIEW:

- A. The Agency agrees to perform the required administrative and technical review of Applicant's permit application described in Section 3 ("Application") as necessary for processing any similar application.
- B. The Agency agrees to take an Action on the Application by granting, denying or waiving the 401 certification application (hereinafter "Action" or "an Action") within 90 calendar days from the date this agreement is fully executed, the date the Agency has received the permit application or the date the Agency receives the expedited permit fee payment specified in Section 6, whichever is latest, subject to tolling as provided in Section 5.
- C. Applicant hereby agrees to toll any time period for Agency Action on the Application that is set forth in the Act or Board rules. Tolling shall begin on the date this Agreement is fully executed, the date the Agency has received the permit application or the date the Agency receives the expedited permit fee payment

specified in Section 6, whichever is latest. Any time period tolled under this subsection (C) shall resume upon termination of this Agreement. While this Agreement may establish a different review time for the Application than otherwise set forth in the Act or Board rules, this Agreement is not intended to create any right to automatic approval of the Application upon the Agency's failure to meet the expedited review time frame.

- D. The Agency's review of the Application within the time frame set forth in paragraph B shall be known as "Expedited Review." This Agreement addresses only Expedited Review of the Application and does not create any other right or obligation for either party.
- E. The Expedited Review shall be of the Application as described in Section 3. In the Agency's discretion, changes to the Application may necessitate changes to this Agreement.
- F. The Agency's Action on the Application does not affect the Applicant's obligations and responsibilities under this Agreement, including but not limited to, the payment of the fee specified in Section 6.

SECTION 5 TOLLING OF EXPEDITED REVIEW:

- A. The period of time set forth in Section 4 will be tolled during any period of time the Agency is waiting for the Applicant or any other party to provide information necessary for the Agency to complete its Expedited Review. The date the Agency requests necessary information in writing from the Applicant or from any other party shall be the date tolling of the time period set forth in Section 4 begins. The time period set forth in Section 4 shall resume when the Agency receives the requested information. The Agency's record of the date of receipt shall be deemed conclusive unless a contrary date is proved by a dated, signed receipt from the Agency or certified or registered mail.
- B. If the Agency sends the Applicant a notice of intention to terminate pursuant to Section 7, the time period set forth in Section 4 will be tolled until the Applicant corrects the deficiencies identified in the notice, unless the Agency elects to terminate this Agreement.
- C. If a public hearing is held in the course of the Agency's review of the Application, the time period set forth in Section 4 will be tolled, beginning when notice for the public hearing is published and resuming after the Agency has received a complete response to concerns raised during the public hearing as provided by the Agency.
- D. The Agency will document when a tolling period begins, the reason(s) the time period in Section 4 is being tolled and when the tolling period ends. The Agency will provide the Applicant a copy of this documentation upon request.

SECTION 6 FEES:

The Applicant agrees to pay the Agency an expedited permit fee in the amount of \$40,000. Payment must be made by check or money order, in the amount of \$40,000 made payable to the "Illinois EPA." The expedited permit fee is in addition to any other costs or fees required by the Act or Board rules, including, but not limited to, standard permit fees, initial permit fees, recurring permit fees, and annual permit fees. The expedited permit fee shall be submitted to the Agency after the contract has been fully executed by both parties and no later than 7 calendar days from the execution date.

The Agency may, at its discretion, accept a method of payment different than stated above.

SECTION 7 TERMINATION:

- A. The Applicant may terminate this Agreement at any time. To terminate this Agreement, the Applicant must submit written notification of termination to the Agency. The termination shall take effect on the date the Agency receives the notification. When the Applicant terminates this Agreement, the Applicant waives any and all right to seek reimbursement or refund of the expedited permit fee paid pursuant to Section 6.
- B. The Agency may terminate this Agreement for the following reasons.
 - 1. After requested by the Agency, the Applicant fails to provide information the Agency deems necessary to complete the Expedited Review.
 - 2. A third party fails to provide information to the Agency that the Agency deems necessary to the completion of the Expedited Review.
 - 3. The Applicant fails to correct deficiencies in the Application as identified by the Agency.
 - 4. The Applicant's modification of the Application causes the Agency to be unable to take an Action within the time period set forth in Section 4.
 - 5. The Applicant fails to pay the fee provided in Section 6, or the payment of the fee is drawn from an account with insufficient funds to cover the fee amount specified in Section 6.
 - 6. The Applicant fails to pay other fees or costs as required by the Act or Board rules.
 - 7. The Agency no longer has the resources available to take Action on the Application within the time period set forth in Section 4.

Prior to terminating this Agreement, the Agency shall notify the applicant in writing of its intention to terminate and the reasons for the termination. When possible, the Agency shall provide the applicant with a reasonable opportunity to correct the reasons for the termination. If deficiencies remain uncorrected after the time period specified by the Agency, the Agency may proceed with termination of this Agreement. The Agency must provide the Applicant with written notification of termination that includes the reasons for the termination. The notice shall be provided by certified or registered mail postmarked with a date stamp and with return receipt requested. Termination of the Agreement shall take effect on the date the notification of termination is postmarked.

SECTION 8 AMENDMENTS:

This Agreement may be modified by written agreement between the Agency and the Applicant. No modification, amendment, supplement to or waiver of this Agreement or any of its provisions shall be binding upon the Agency or Applicant unless made in writing and duly signed by both parties. A failure of or delay by either party to this Agreement to enforce at any time any of the provisions of this Agreement or to require at any time performance of any of the provisions of this Agreement shall in no way be construed to be a waiver of such provision.

SECTION 9 REFUNDS:

The Applicant waives all rights to a refund from the Agency of any fee paid under Section 6 except as provided in this Section. Any refund to the Applicant shall not exceed the fee amount in Section 6 and shall not accrue interest.

- A. Termination by Agency. If the Agency terminates this Agreement pursuant to subsection 7(B)(7), the Agency will refund the entire fee paid under Section 6 to the Applicant. The Applicant is not entitled to a refund of the fee paid under Section 6 if the Agency terminates this Agreement for the reasons set forth in subsections 7(B)(1)-(6).
- B. Late Action. If the Agency takes an Action on the Application, but fails to take this Action within the time period set forth in Section 4, taking into account the tolling in Section 5, the Applicant shall be entitled to a refund of the expedited permit fee paid under Section 6 on a prorated basis. The refund shall be calculated as follows.

$$Refund = \frac{Expedited\ Permit\ Fee}{90} \times \left(\frac{Number\ of\ Days\ Past}{Expedited\ Review\ Deadline} \right)$$

The parties agree that the Applicant will not receive a refund if the Agency's failure to take Action on the permit application within the time period specified in Section 4 was due to a force majeure.

SECTION 10 DISPUTES:

Disputes relating to performance of this Agreement that are not resolved by the parties shall be decided by the Director of the Agency, or his or her authorized representative, who shall render a decision in writing. This decision shall be furnished to the Applicant by mail, electronic mail, facsimile, personal service, or by similar means. The decision of the Director shall be final and conclusive.

SECTION 11 INDEMNIFICATION AND LIABILITY:

The Applicant agrees to defend, indemnify and hold harmless the State, its agencies, officers, employees, agents and volunteers from any and all costs, demands, expenses, losses, claims, damages, liabilities, settlements and judgments, including reasonable in-house and contracted attorney's fees and expenses, caused by, arising out of or occurring in connection with any breach or violation of this Agreement, or any Agency Action taken on the permit application specified in Section 3.

SECTION 12 SEVERABILITY:

If any provision of this Agreement is held to be illegal, invalid, or unenforceable, that provision will be fully severable, and this Agreement will be construed and enforced as if the illegal, invalid or unenforceable provision had never been part of this Agreement, and the remaining provisions of this Agreement will remain in full force and effect.

RESOLUTION NO. 21758

Background

It is in the best interest of the Illinois State Toll Highway Authority (the "Tollway") to enter into an Intergovernmental Agreement with the Forest Preserve District of Cook County ("District"). The Tollway is in need of a permanent easement over District right-of-way for the construction, and maintenance of the Project. As part of the Project and as compensation for the nearly five year loss of use of District facilities during construction, the Tollway will restore the right-of-way to existing or better condition, manage vegetation along portions of the right-of-way that will remain open, tree removal, provide temporary and permanent signage and safety measures, ADA improvements, parking lot resurfacing, and washroom building renovations. The Tollway will compensate the District an estimated amount of \$979,615.72 for the permanent easement, and associated work being performed by the District.

Resolution

The Chief Engineering Officer and the Acting General Counsel are authorized to negotiate and prepare an Intergovernmental Agreement between the Illinois State Tollway Highway Authority and the Forest Preserve District of Cook County in substantially the form attached to this Resolution. The Chairman or the Executive Director is authorized to execute said agreement and the Chief Financial Officer is authorized to issue warrants in payment thereof. .
