Contract Renewal - State Use Program

Contract #: 17-0127

Vendor: Transitions, N.F.P. (d.b.a. The Printer's Mark); Rock Island, IL (State Use Vendor)

Description: Printing and Mailing Services

(Subject to approval at the State Use Committee Meeting on June 3, 2020)

Scope: This contract provides a source for the purchase of printing and mailing services

through the State Use Program. As part of the effort to recover revenue from unpaid tolls, a notice to the customer is generated by the customer service system, and The Printer's Mark (as the Tollway's print and mail services vendor) is responsible for printing and mailing the notice to the vehicle's registered owner. Additionally, the Tollway requires printing and mailing services to support the I-PASS program.

The Tollway recovered over \$81 million in 2019 from unpaid tolls that would otherwise have been unrecoverable without the ability to print notices to customers. Further, the I-PASS program accounts for more than \$1.3 billion in Tollway revenue; notifications mailed to patrons ensures that accounts and credit cards associated to

replenishments are kept in good standing.

Amount: \$7,700,000.00

Company Information:

The Printer's Mark is owned and operated by Transitions Mental Health Services. Transitions, a not-for-profit entity, is an Illinois State Use recovery-based organization dedicated to promoting, enhancing, and improving the health and well-being of individuals, families, and the community impacted by mental health issues. The Printer's Mark is certified as a Sheltered Workshop (SWS) in the State Use Program.

Contract #: N/A

Description: An Intergovernmental Agreement ("IGA") with the County of Lake ("County"), and the

Village of Gurnee ("Village")

Scope: The Tollway is reconstructing and replacing the Stearns School Road Bridge over I-

94. Pursuant to an existing IGA with Lake County, the County has partial maintenance responsibility for the existing bridge, and it has requested that certain upgrades be made relative to the replacement structure, including but not limited to bridge widening to

accommodate a third lane of traffic, deck grinding and architectural

enhancements. Additionally, the Village has requested that an existing shared use path be relocated onto the north side of the bridge and that a pedestrian sidewalk be added to the south side of the bridge. The Tollway agreed to perform the requested work, and the County and Village agreed to reimburse the Tollway for doing so. This IGA identifies the cost participation and future maintenance responsibilities of each of the parties.

Due to the reimbursement the Tollway will receive, this is a no cost IGA. The County will provide reimbursement of approximately \$4,392,807, and the Village will provide

reimbursement of approximately \$1,091,865.00.

Amount: IGA cost: \$0

Intergovernmental Agreement

Contract #: N/A

Description: An Intergovernmental Agreement ("IGA") with the Metropolitan Water Reclamation District

of Greater Chicago ("Reclamation District"), and the City of Chicago Department of Aviation

("CDA")

Scope: As part of the Elgin O'Hare Western Access Project ("Project"), the Tollway is constructing

an I-490 interchange with I-90, including northbound and southbound bridges over the Touhy Avenue Flood Control Reservoir operated by the Reclamation District. Although the Reservoir is operated by the Reclamation District, the District only owns a portion of the Reservoir. The remainder is owned by the City of Chicago ("City"). The Tollway agreed that during construction of the Project, it will maintain security and existing storage capacity at the Reservoir and that the same storage capacity will be available when the Project is complete. Additionally, the Tollway agreed to provide compensation for any lost floodway storage in the Higgins Creek Overflow Channel that is adjacent to the Reservoir.

In a prior IGA, the Tollway agreed to provide the City compensation for temporary and permanent easements over the Reservoir. This IGA reflects the Tollway's agreement to provide compensation in the amount of \$644,000 to the Reclamation District for temporary and permanent easements over the Reservoir and for future operation and maintenance of the improvements.

Amount: IGA cost: \$644,000.00 for temporary and permanent easements acquired
