3 Account Downloads

Account Downloads provides a comprehensive listing of every transaction for every transponder.

Report details include:

- Transaction date
- Transponder ID
- Toll plaza number/location
- Transaction amount

Once complete**, the Account Downloads report is located under the **Available Files** header as a CSV file. CSV files can be opened in a spreadsheet program.†

*Reports show a list of all transponders ever associated with your account, even if they are currently inactive.

**Large commercial account files may take up to 24 or more hours to process.

† Files will only available for three days from the time created.

Account Downloads	
Your selection will result in a CSV (Comma Separated Values) file w/ spreadsheet or database program. Large files may take a long time large file, you may be asked to return later to access the results.	
Help on this feature
