

Illinois State Toll Highway Authority

\$700,000,000*

Toll Highway Senior Revenue Bonds, 2019 Series C (Refunding)

Investor Presentation

December 04, 2019

*Preliminary, subject to change, when, as, if issued.

Disclaimer

The electronic Investor Presentation you are about to view is provided as of December 04, 2019 for a proposed offering by the Illinois State Toll Highway Authority (the “Authority”) of its Toll Highway Senior Revenue Bonds, 2019 Series C (the “Bonds”). Market prices, financial data, and other information provided herein are not warranted as to completeness or accuracy and are subject to change without notice. If you are viewing this presentation after December 04, 2019 there may have been subsequent events that could have a material adverse effect on the financial information that is presented herein. Neither the Authority nor the Underwriters have undertaken any obligation to update this electronic presentation.

This Investor Presentation is provided for your information and convenience only. By accessing this presentation, you agree not to duplicate, copy, download, screen capture, electronically store or record this Investor Presentation, or to produce, publish or distribute this Investor Presentation in any form whatsoever. This Investor Presentation does not constitute an offer to sell or the solicitation of an offer to buy any security or other financial instrument, including the Bonds, or to adopt any investment strategy. Any offer or solicitation with respect to the Bonds will be made solely by means of the Preliminary Official Statement or Official Statement, which describe the actual terms of such Bonds. The underwriters make no representations as to the legal, tax, credit or accounting treatment of any transactions mentioned herein, or any other effects such transactions may have on you and your affiliates or any other parties to such transactions and their respective affiliates. In no event shall the underwriters or the Authority be liable for any use by any party of, for any decision made or action taken by any party in reliance upon, or for any inaccuracies or errors in, or omissions from, the information contained herein and such information may not be relied upon by you in evaluating the merits of participating in any transaction mentioned herein. Nothing in these materials constitutes a commitment by the underwriters or any of their affiliates to enter into any transaction. No assurance can be given that any transaction mentioned herein could in fact be executed.

Any investment decision regarding the Bonds should only be made after a careful review of the complete Preliminary Official Statement. You will be responsible for consulting with your own advisors and making your own independent investigation and appraisal of the risks, benefits, appropriateness and suitability of the proposed transaction and any other transactions contemplated by this presentation and neither the Authority nor the underwriter is making any recommendation (personal or otherwise) or giving any investment advice and will have no liability with respect thereto. Transactions involving the Bonds may not be suitable for all investors. You should consult with your own advisors as to the suitability of the Bonds for your particular circumstances.

This Investor Presentation may contain “forward-looking” statements that involve risks, uncertainties and assumptions. If the risks or uncertainties ever materialize or the assumptions prove incorrect, the results may differ materially from those expressed or implied by such forward-looking statements. We caution you not to place undue reliance on these statements. All statements other than the statements of historical fact could be deemed forward-looking. All opinions, estimates, projections, forecasts and valuations are preliminary, indicative and are subject to change without notice.

Prospective investors should contact their salesperson at, and execute transactions through an Underwriter for the Bonds qualified in their home jurisdiction unless governing law permits otherwise.

Summary of 2019 Series C, Toll Highway Senior Revenue Bonds

Illinois State Toll Highway Authority Toll Highway Senior Revenue Bonds, 2019 Series C (Refunding)	
Issuer	The Illinois State Toll Highway Authority (the “Authority”)
Issue	Toll Highway Senior Revenue Bonds, 2019 Series C (Refunding) (the “2019C Bonds”)
Par Amount*	\$700,000,000
Ratings*	Moody’s: A1 S&P: TBD Fitch: AA-
Structure*	Fixed-rate bonds with serial maturities from January 1, 2021 through January 1, 2031
Tax Status	Federally tax-exempt; State taxable
Pricing Date*	December 10, 2019
Closing Date*	December 30, 2019
Call Provisions*	January 1, 2030 at par (expected)
Use of Proceeds	The 2019C Bonds are being issued to refund the Refunded Bonds (as defined in the Preliminary Official Statement), to pay costs of terminating swap agreements associated with the Refunded Bonds and to pay costs of issuance.
Security	Payable solely from and secured solely by a pledge of and lien on the Net Revenues and certain other funds as provided in the Indenture

*Preliminary, subject to change. *Investors should read the entire Preliminary Official Statement carefully before making an investment decision.*

Authority Overview and Strengths

Mission Statement:

The Illinois Tollway is dedicated to providing and promoting a safe and efficient system of toll-supported highways while ensuring the highest possible level of service to our customers

Market Position & Senior Management

- Essential road system with a strong economic and financial history serving metropolitan Chicago, one of the largest and most diverse regional economies in the United States
- Experienced and proactive Board and management team, providing strong governance and oversight

Traffic Performance

- Mature, growing traffic base with limited viable competing roads, with approximately 2.7% year over year growth in transactions since 2010
- Strong revenue growth and stable toll transactions despite construction impacts and toll increases
- Demonstrated willingness to increase tolls
- Even after recent increases, toll rates remain affordable and compare favorably to peers

Financials and Debt Service Coverage

- Conservative debt profile with relatively level debt service and final maturities limited to 25 years
- 2018 unrestricted cash/cash equivalents exceeds 1,100¹ days cash on hand
- The Authority's Debt Management Guidelines target annual debt service coverage at or near 2x; debt service coverage in years 2014-2018 ranged from 2.4x to 2.7x
- **The Series 2019C Bonds are anticipated to terminate the remaining Swap Agreements and Liquidity and Credit Facilities, and thereby “de-risk” the Authority's debt structure**

Capital Improvement Program Management

- \$14.2 billion *Move Illinois Program* (2012-2026) addresses long-term system needs: approximately 70% to be expended on state of good repair and 30% expansion
- Multiple projects and 15-year timeframe of *Move Illinois Program* allow for flexibility with respect to scheduling and management. 46% of total cost, or \$6.5 billion, is expected to have been spent by 2019
- The prior capital program, the \$5.7 billion *Congestion-Relief Program*, is complete

Source: Preliminary Official Statement (“POS”), Consulting Engineer's Report, and Traffic Engineer's Report. *Investors should read the entire Preliminary Official Statement carefully before making an investment decision.*

1) Days cash on hand calculated as: (Unrestricted Cash and Cash Equivalents + Investments) / (Operating Expenses / 365).

Overview of the Illinois Tollway System

Overview

- The Tollway System is a multi-asset system of 294 centerline miles of interstate tollways throughout 12 counties in the greater Metropolitan Chicago Area including the:
 - Jane Addams Memorial Tollway
 - Tri-State Tollway
 - Ronald Reagan Memorial Tollway
 - Veterans Memorial Tollway
 - Illinois Route 390
- The Authority collects tolls at 28 mainline plazas and 59 ramp plazas
- Authority has exclusive right to fix, adjust, revise, and collect tolls

Strategic Priorities

- Execute the *Move Illinois Program* (15-year capital plan scheduled from 2012 - 2026)
- Improve regional mobility and link economies across northern Illinois
- Relieve congestion
- Reduce pollution

Tollway System Map

Source: Preliminary Official Statement ("POS") and Consulting Engineer's Report. *Investors should read the entire Preliminary Official Statement carefully before making an investment decision.*

Current State of the Tollway System

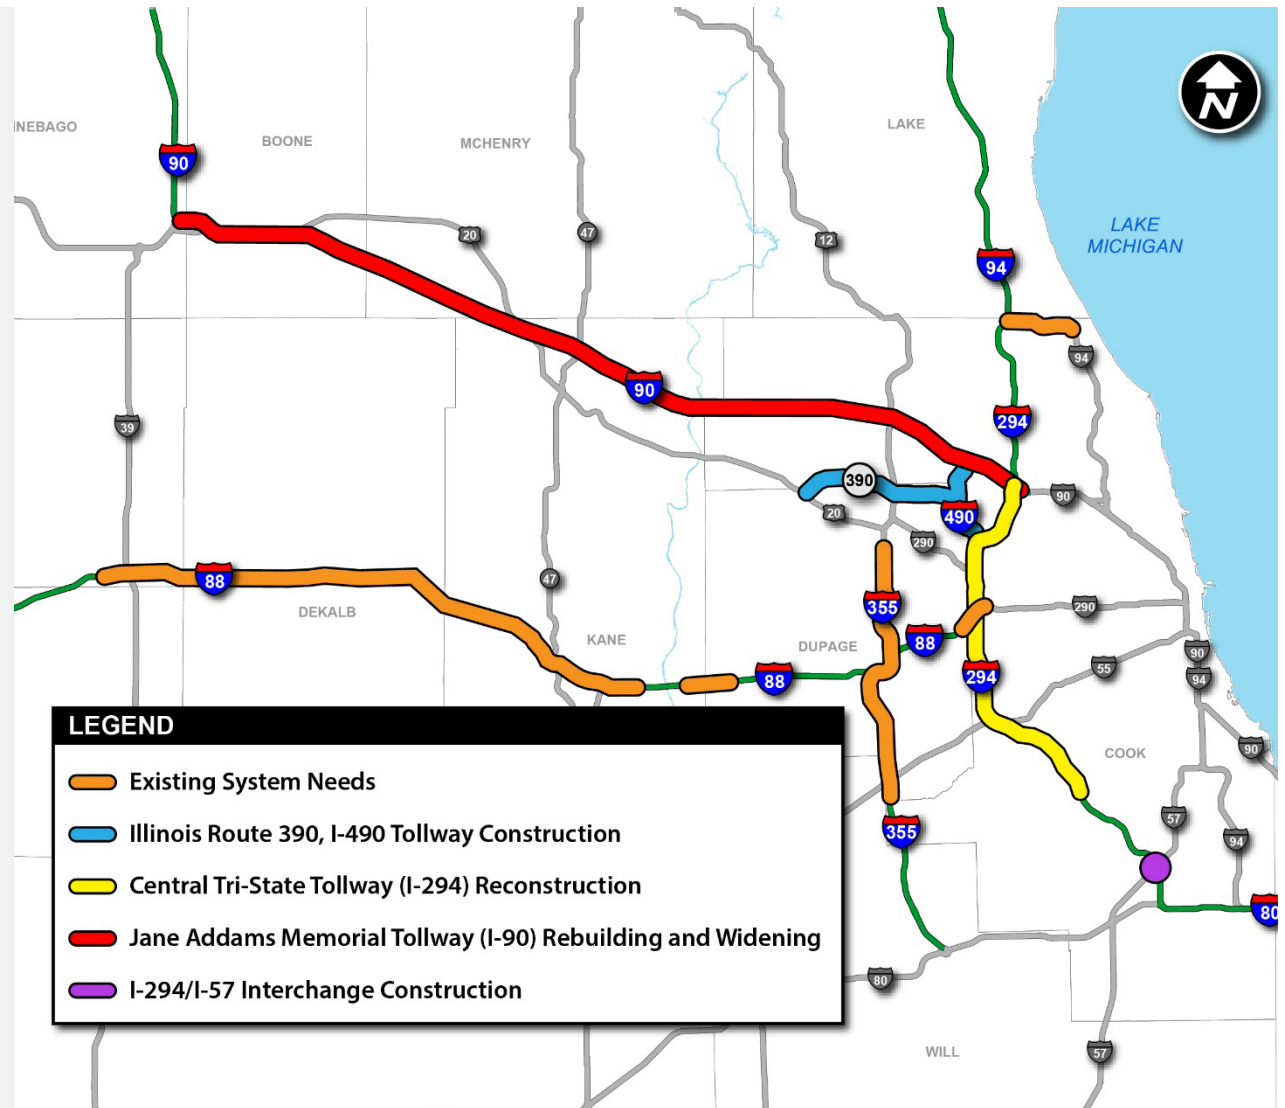

- Since the Tollway System was first designed and constructed 60 years ago, the 12-county service area economy, population, and traffic travel patterns have dramatically changed
- The prior capital program, the \$5.7 billion Congestion-Relief Program, is complete. Major projects included:
 - Conversion to open road tolling
 - Construction of a 12.5 mile south extension of the Veterans Memorial Tollway (I-355)
 - Reconstructed, and for significant portions widened, about 115 miles on the South and North portions of the Tri-State Tollway (I-94, I-294, I-80) and parts of the Ronald Reagan Memorial Tollway (I-88)
 - Resurfaced and rehabilitated portions of roadway across all major routes (*not including IL-390*)
- As part of the Authority's *Move Illinois Program*, large sections of the Tollway System are being rebuilt and modernized to preserve a state of good repair and accommodate the growing economy of the region

Source: Preliminary Official Statement ("POS") and Consulting Engineer's Report. *Investors should read the entire Preliminary Official Statement carefully before making an investment decision.*

Move Illinois: The Illinois Tollway Driving the Future

- After completion of the **15-year, \$14 billion capital program, *Move Illinois: The Illinois Tollway Driving the Future***, customers will have a largely rebuilt, state-of-the-art system and critical new regional projects that will improve mobility, relieve congestion, reduce pollution, create jobs and stimulate the economy
- The Program's current budget is estimated to cost approximately \$14 billion, financed with \$5.6 billion of bond proceeds and the remainder with pay-as-you-go revenues
 - Existing System Needs: \$10 billion
 - New Projects: \$4 billion
- Authority has a history of executing large capital improvement projects on schedule and within budget
 - Allowed for revenue growth and stable transactions despite construction impacts and toll increases
- Approximately \$2.4 billion additional revenue bonds are projected to be issued for *Move Illinois*. Revenue growth is projected to be sufficient to fund the pay-as-you-go portion of the *Move Illinois Program*

Source: Preliminary Official Statement ("POS") and Consulting Engineer's Report. *Investors should read the entire Preliminary Official Statement carefully before making an investment decision.*

Move Illinois: Addressing Existing System and Expansion Needs

<p>Take Care of Existing System (Approximately \$10 billion)</p>	<p>Existing Projects</p> <ul style="list-style-type: none"> Projects totaling \$10 billion to maintain the existing System: <ul style="list-style-type: none"> Reconstructing the Jane Addams Memorial Tollway (I-90) from the Tri-State Tollway (I-294) near O'Hare to the I-39 Interchange in Rockford <ul style="list-style-type: none"> Substantially complete Reconstructing all, and widening significant portions of, the central Tri-State Tollway from 95th St to Balmoral Ave; reconstruct the Edens Spur (I-94) Preserving the Ronald Reagan Memorial Tollway (I-88) Preserving the Veterans Memorial Tollway (I-355) Repairing roads, bridges and maintenance facilities
<p>System Expansion (Approximately \$4 billion)</p>	<p>Elgin-O'Hare Western Access Project</p> <ul style="list-style-type: none"> Significant time savings versus alternatives Congestion relief on local roads Better link between O'Hare and surrounding communities / businesses to facilitate economic growth Project timing contingent on land acquisition Rehabilitation and widening of existing portion of Illinois Route 390 Tollway (formerly Elgin O'Hare Expressway) completed (tolling began July 5, 2016); eastern extension completed (tolling began November 1, 2017)
	<p>New I-294/I-57 Interchange</p> <ul style="list-style-type: none"> One of few places in the nation where two interstates crossed but did not connect; direct connection provides significant time savings Significant reduction in traffic on local roads Increases economic development opportunities in surrounding area Direct freight access to south suburbs First phase completed in October 2014, allowing movements from northbound I-57 to I-294 and from I-294 to southbound I-57 Second phase currently scheduled for 2019 - 2022

Source: Preliminary Official Statement ("POS") and Consulting Engineer's Report. *Investors should read the entire Preliminary Official Statement carefully before making an investment decision.*

Move Illinois Capital Spending

- Construction schedule demonstrates a measured approach to capital spending
- Multiple projects allow for flexibility in scheduling and management

Annual Move Illinois Program Historical (2012 – 2018) and Projected (2019-2026) Expenditures

Source: Consulting Engineer's Report. Investors should read the entire Preliminary Official Statement carefully before making an investment decision.

- 1) From time to time, the Illinois Tollway may receive reimbursements under various intergovernmental agreements. Estimated program expenditures do not assume credit for such reimbursements with the following exceptions: for completed years (2012 - September YTD 2019), the totals are net of reimbursements received under various intergovernmental agreements, totaling \$86.2 million; a credit of \$300 million is assumed for the Elgin O'Hare Western Access project (EOWA). The program anticipates contributions from local, federal and other sources valued at approximately \$300 million in years 2017-2023 for interchange and access improvements, of which agreements totaling \$171.7 million have been received.

Toll Rates by Vehicle Class

- Authority maintains flexibility to raise toll rates and has demonstrated willingness to do so to fund essential capital projects
- Commercial vehicle toll rates adjust annually at rate of inflation; first three increases of 1.839%, 2.254%, and 2.072% effective January 1, 2018, January 1, 2019, and January 1, 2020, respectively
- No further Board or legislative actions are necessary to impose the tolls necessary to complete the program

Toll Rates by Vehicle Class (1959 – Present)																		
		1959 - 2004	2005 - 2011 ⁽¹⁾⁽³⁾		2012 - 2014 ⁽¹⁾⁽³⁾		2015 ⁽¹⁾⁽²⁾⁽³⁾		2016 ⁽¹⁾⁽²⁾⁽³⁾		2017 ⁽¹⁾⁽²⁾⁽³⁾		2018 ⁽¹⁾⁽²⁾⁽³⁾⁽⁴⁾		2019 ⁽¹⁾⁽²⁾⁽³⁾⁽⁴⁾		2020 ⁽¹⁾⁽²⁾⁽³⁾⁽⁴⁾	
Class	Description	Toll Range	No Discount	Discount	No Discount	Discount	No Discount	Discount	No Discount	Discount	No Discount	Discount	No Discount	Discount	No Discount	Discount	No Discount	Discount

Source: Preliminary Official Statement ("POS"). *Investors should read the entire Preliminary Official Statement carefully before making an investment decision.*

- The toll rates listed above are rates for 11 of the 28 mainline plazas on the Tollway System. Toll rates at the other 17 mainline plazas differ by various amounts. Toll rates on IL Route 390 (began tolling in 2016 / 2017) and the South Extension of I-355 (where tolling began in 2007) are significantly higher on a per-mile basis than toll rates on the rest of the Tollway System. A complete listing of toll rates at each plaza may be found on the Authority's website. No other information from the Authority's website is incorporated by reference into this Official Statement.
- Class 1 vehicles making payment via transponders (I-PASS, E-Z Pass, etc.) are tolled at a discounted rate, and a non-discounted rate applies to cash forms of payment.
- Commercial vehicles (Classes 2-4) are tolled at a discounted rate during the overnight period of 10 p.m. – 6 a.m. whether paying by I-PASS or cash (the "Overnight Discount Rate"). Prior to January 1, 2009, commercial vehicles paying by I-PASS were tolled at the discounted rate for certain off-peak time periods (the "I-PASS Off-Peak Discount Rate"). This I-PASS Off-Peak Discount Rate expired on 12/31/2008. The Overnight Discount Rate continues.
- Beginning January 1, 2018, and each January 1 thereafter, commercial vehicle toll rates adjust at approximately the rate of change of the CPI-U. The adjustments effective 1/1/2018, 1/1/2019, and 1/1/2020 are based on CPI-U increases of 1.839%, 2.254%, and 2.072%, respectively.

Revenue Growth

- The Authority has experienced continued revenue growth and stable transactions despite construction impacts and toll increases
- The continued transaction growth, subsequent to toll increases, implies low elasticity between toll rates and transaction growth and speaks to the continuity of the system

Note: Revenues shown are collected Toll Revenues Source: Traffic Engineer's Report. Investors should read the entire Preliminary Official Statement carefully before making an investment decision.

Low Toll Elasticity Demonstrates Essentiality of Roadways

Despite toll increases, the relationship between toll rates and revenues/transactions has been relatively inelastic

Transaction Changes

- In January 2015, commercial vehicle toll rates increased by 40%
 - The number of commercial vehicle transactions increased by 2.8% from 2014 to 2015, which was better than forecasted
 - Commercial vehicle toll revenue increased 43.0% from 2014 to 2015

	Traffic Engineer 2015 Forecast	2015 Actual
Passenger Cars	1.6% Increase	5.5% Increase
Commercial Vehicles	1.1% Decline	2.8% Increase

- In January 2012, passenger car toll rates increased by 87%
 - The number of passenger car transactions decreased by only 4.2% from 2011 to 2012, which was better than forecasted
 - Passenger car toll revenue increased 73.9% from 2011 to 2012

	Traffic Engineer 2012 Forecast	2012 Actual
Passenger Cars	5.9% Decline	4.2% Decline
Commercial Vehicles	2.2% Increase	2.8% Increase

- Low toll elasticity has continued through 2015 – 2018 commercial vehicle rate increases
- Low elasticity for both passenger and commercial traffic on the Tollway System demonstrates the essentiality of its roadways
- A breakdown of 2018 toll transactions and toll revenue by passenger cars and commercial vehicles follows to the right

Toll Transaction Breakdown (2018)

Toll Revenue Breakdown (2018)

Toll Rate Peer Comparison

The Tollway System maintains one of the lowest per-mile passenger car toll rates among U.S. facilities

Comparison of \$Per-Mile Passenger Car Toll Rates Among Other U.S. Facilities

Note: Toll rates are for electronic payments at peak hour rates, if applicable. Toll rates are current as of January 2019. Source: Traffic Engineer's Report. *Investors should read the entire Preliminary Official Statement carefully before making an investment decision.*

Use of Electronic Tolling

- High rate of electronic tolling – 90.2% in 2018
- Evaded tolls averaged a manageable 6.5% of expected revenues over 2014-2018
- Evaded tolls net of evasion recovery averaged 1.5% over 2014-2018

History of Financial Performance and Liquidity

- As of FY 2018, unrestricted cash/cash equivalents/investments totaled \$1.1 billion, equating to over 1,100 days cash on hand
- Financial performance and manageable debt issuance has allowed for sound budgeting

Financial Performance

	2014	2015	2016	2017	2018

Source: Comprehensive Annual Financial Report for the Year Ended December 31, 2018. *Investors should read the entire Preliminary Official Statement carefully before making an investment decision.*

- Determined in accordance with accounting principles set forth in the Indenture and may differ from financial statements prepared in accordance with generally accepted accounting principles. Maintenance and Operating Expenses exclude depreciation and amortization. See "FINANCIAL INFORMATION - Financial Information Discussion - GAAP Basis and Trust Indenture Basis."
- Totals may not add due to rounding.
- The Authority recognizes fines as revenues when collected.
- In years 2014 – 2016, the line-item "Insurance and Employee Benefits" includes expenses for the employer portions of retirement and FICA, workers compensation and medical insurance, whereas in years 2017 – 2018 that line-item includes expenses only for workers compensation and medical insurance. In years 2017 – 2018, the expenses for the employer portions of retirement and FICA were allocated among the four department-based groupings listed in the chart above under Maintenance and Operating Expenses.
- Debt service does not net out Subsidy Payments received by the Authority in connection with the 2009A Bonds and 2009B Bonds issued as Build America Bonds.

Historical and Projected Traffic and Revenues

Forecasted average annual transaction growth is 1.3% from 2019-2044

Illinois Tollway System-Wide Annual Transaction & Revenue Forecast

Source: Traffic Engineer's Report. Investors should read the entire Preliminary Official Statement carefully before making an investment decision.

Note: Expected revenue is the sum of all toll revenues that would be realized if 100 percent of transactions were recorded at the proper rate and resulted in full payment.

Bondholder Security

Pledge of Revenues and Funds	Bonds issued under the Indenture are payable solely from and secured solely by a pledge of and lien on Net Revenues (defined below) of the Tollway System and certain other funds as provided in the Indenture
Net Revenues	For any Fiscal Year, the Revenues, excluding the amounts transferred (i) to the Revenue Fund from the Construction Fund and (ii) to the Trustee by the Authority from the System Reserve Account, the Improvement Account or the Renewal and Replacement Account, less the Operating Expenses for such Fiscal Year or period
Toll Covenant	<p>The Tollway Authority, which by statute has the exclusive right to set tolls, covenants to set tolls at levels that produce sufficient Net Revenues to meet or exceed the Net Revenue Requirement</p> <ul style="list-style-type: none"> ▪ Amount necessary to cure deficiencies, if any, in the Debt Service Account, the Debt Reserve Account, any Junior Bond Debt Service and/or Junior Reserve Account, <i>plus</i> ▪ The greater of (i) the sum of Aggregate Debt Service on Senior Bonds, the Junior Bonds Revenue Requirement and the Renewal and Replacement Deposit or (ii) 1.30x Aggregate Debt Service on Senior Bonds
Net Revenue Requirement	<p>The amount necessary to cure any deficiencies in the Debt Service and Debt Reserve Accounts (Senior and Junior), <i>plus</i> the greater of:</p> <ul style="list-style-type: none"> ▪ The sum of: Debt Service and reserve fund requirements on Senior and Junior Bonds and the Renewal and Replacement Deposit ▪ 1.30x Aggregate Debt Service on the Senior Bonds
Additional Bonds Test	<ul style="list-style-type: none"> ▪ Look-Back (Test #1) - Net Revenues for a period of 12 consecutive months out of the 18 months preceding the issuance of additional senior bonds must exceed the Net Revenue Requirement; and ▪ Forward-Looking (Test #2) - For the current and each Fiscal Year through the fifth full Fiscal Year after the date of issuance, Net Revenues shall be at least equal to the estimated Net Revenue Requirement for such Fiscal Year
Debt Reserve Requirement	The maximum annual Aggregate Debt Service for any Fiscal Year for all outstanding Senior Bonds

Investors should read the entire Preliminary Official Statement carefully before making an investment decision.

Series 2019C Bonds Will “De-risk” the Authority’s Debt Profile*

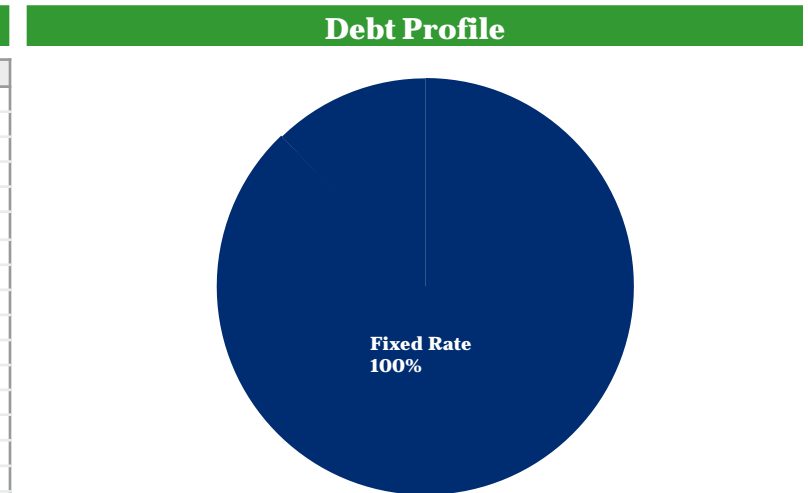

The Series 2019C Bonds are refunding the Series 2007AB & 2008AB Bonds and the resulting debt will be 100% fixed rate.

Outstanding Debt			
Series	Type	Issued Amount (\$000s)	Outstanding Amount (\$000s) ¹
2007AB	Variable	437,500	437,500
2008AB	Variable	287,350	284,425
2009A	Fixed	500,000	400,000
2009B	Fixed	280,000	280,000

2019A	Fixed	300,000	300,000
2019B	Fixed	265,245	225,245
2019C*	Fixed	700,000	700,000
Total*	-	6,347,340	6,050,755

¹ The outstanding amounts shown in the above tables reflect the Authority's principal after the payments of principal due on 1/1/20

* Preliminary, subject to change

Toll Highway Senior Revenue Bonds Debt Profile*

- The 2019C Bond proceeds are expected to redeem \$721.9* million of the outstanding synthetic fixed rate bonds
- The 2019C Bonds are expected to amortize from Fiscal Years ending 1/1/2021 - 1/1/2031

*Preliminary, subject to change. Note: Debt Service due January 1 of each year is deemed payable in the preceding year

Projected Debt Service Coverage*

Per its Debt Management Guidelines, the Authority will strive to maintain average senior lien debt service coverage above 2.0x

Forecasted (\$ in millions)

Projected Revenues	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028	2029	2030	2031

Source: Preliminary Official Statement ("POS"). Investors should read the entire Preliminary Official Statement carefully before making an investment decision.

⁽¹⁾ Projected Expected Toll Revenues, the toll revenues that would be collected if applicable toll payments were received from all vehicles, are based upon the Traffic Engineers' Report.

⁽²⁾ Projected Evaded Tolls (aka Toll Revenue Leakage) averages approximately 6.2% of Expected Toll Revenues in 2019 – 2021 and is projected at 6.0% of Expected Toll Revenues thereafter.

⁽³⁾ Projected Evasion Recovery averages approximately 85% in 2019 – 2020 and thereafter is projected at 80% of Evaded Tolls, which equates to net leakage of 1.2%.

⁽⁴⁾ Projected Operating Expenses are based upon the Consulting Engineers' Report.

⁽⁵⁾ See "FINANCIAL INFORMATION – Annual Debt Service Requirements" in the POS for certain assumptions relating to debt service on the outstanding Senior Bonds. **This table assumes the issuance of the 2019C Bonds and refunding of the Refunded Bonds but does not take into account any bond issuance thereafter.** The Authority's current estimate of projected debt service coverage assuming the issuance of all additional bonds for the *Move Illinois Program*, such assumed issuance as described in "PLAN OF FINANCE" in the POS, is at or above 2x for each of the years of 2019 through 2031. This table does not take into account, either as revenue or as a credit against debt service, any Subsidy Payments expected in connection with the issuance of the 2009A Bonds and 2009B Bonds as Build America Bonds. Debt Service due January 1 of each year is deemed payable in the preceding year. See the definition of "Debt Service" in **APPENDIX D** in the POS.

⁽⁶⁾ In each year, the projected net cash flow exceeds the projected Renewal and Replacement Deposit for such year set forth in the Consulting Engineers' Report.
