

Instructions to Locate Tollway Utilities (Previously Form A-36)

Please Note: The Tollway provides a service to locate and mark Tollway facilities on Tollway property.

Previously Form A-36, Tollway Locate Request, was required for locating Tollway cables, wiring, fiber optics, etc. Form A-36 is obsolete and will no longer be processed.

All Tollway locate requests must be completed online.

To submit a Tollway Locate Request:

Log onto <http://www.illinoisvirtualtollway.com/utilitylocates/>

For assistance in completing a locate request, please perform the following actions:

- Click for Contractor Manual or Click for Video Tutorial for instructions
 - First time users MUST click this button
Click to Create Account
 - Follow instructions to complete locate request
- Click Submit Request
 - Fill in all required fields
 - All sketches MUST be in PDF format and named in all lower case letters
 - All submissions MUST include the full 8 digit project number or the complete permit number
